CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
(UNAUDITED)

In these footnotes, the words “Company,” “Caesars,” “Caesars Entertainment,” “we,” “our,” and “us” refer to Caesars Entertainment Corporation, a Delaware corporation, and its subsidiaries, unless otherwise stated or the context requires otherwise.

Note 1 — Organization and Basis of Presentation

Organization

Our business is primarily conducted through a wholly-owned subsidiary, Caesars Entertainment Operating Company, Inc. (“CEOC”), although certain material properties are not owned by CEOC. As of March 31, 2013, we owned, operated, or managed, through various subsidiaries, 52 casinos in 13 U.S. states and seven countries. Of the 52 casinos, 38 are in the United States, including 19 land-based casinos, 11 riverboat or dockside casinos, three managed casinos on Indian lands, two managed casinos in Ohio, one casino combined with a greyhound racetrack, one casino combined with a thoroughbred racetrack, and one casino combined with a harness racetrack. Our 14 international casinos are comprised of eight land-based casinos in England, two in Egypt, one in Scotland, one in South Africa, one in Uruguay and one in Canada. In addition, through Caesars Interactive Entertainment, Inc. (“CIE”), a majority-owned subsidiary, we own an online gaming business, providing for real money casino, bingo, and poker games in the United Kingdom, alliances with online gaming providers in Italy and France, “play for fun” offerings in other jurisdictions, and social games on Facebook and other social media websites and mobile application platforms. Also through CIE, we own the World Series of Poker tournament and brand. We view each casino property and CIE as operating segments and aggregate all such casino properties and CIE into one reportable segment.

On January 28, 2008, Caesars Entertainment was acquired by affiliates of Apollo Global Management, LLC (together with such affiliates, “Apollo”) and affiliates of TPG Capital, LP (together with such affiliates, “TPG” and, together with Apollo, the “Sponsors”) in an all-cash transaction (the “Acquisition”). Our common stock trades on the NASDAQ Global Select Market (“NASDAQ”) under the symbol “CZR.”

Basis of Presentation

The accompanying unaudited consolidated condensed financial statements of the Company have been prepared under the rules and regulations of the Securities and Exchange Commission (“SEC”) applicable for interim periods and, therefore, do not include all information and footnotes necessary for complete financial statements in conformity with accounting principles generally accepted in the United States (“GAAP”). The results for the interim periods reflect all adjustments (consisting primarily of normal recurring adjustments) that management considers necessary for a fair presentation of financial position, results of operations, and cash flows.

The results of operations for our interim periods are not necessarily indicative of the results of operations that may be achieved for the entire 2013 fiscal year.

The financial information for the quarter ended March 31, 2012 is derived from our consolidated condensed financial statements and footnotes included in the Quarterly Report on Form 10-Q for the quarter ended March 31, 2012 and has been revised to reflect the results of operations and cash flows of Harrah’s Maryland Heights, LLC, owner of the Harrah’s St. Louis casino, the Alea Leeds casino, and the subsidiaries that hold a land concession in Macau as discontinued operations. See Note 3, “Acquisitions, Investments, Dispositions and Divestitures” for further discussion.

We have revised certain other amounts for prior periods to conform to our 2013 presentation. This Form 10-Q filing should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2012, as amended (“2012 10-K”).

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS (CONTINUED)
(UNAUDITED)

Note 2 — Recently Issued Accounting Pronouncements

Effective January 1, 2013, we adopted guidance issued by the Financial Accounting Standards Board ("FASB") on the reporting of reclassifications out of accumulated other comprehensive income. The guidance requires an entity to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income if the amount is reclassified to net income in its entirety in the same reporting period. As this is a presentation and disclosure requirement, there was no impact on our consolidated financial position, results of operations or cash flows upon adoption.

In February 2013, the FASB issued new guidance for the recognition, measurement, and disclosure of obligations resulting from joint and several liability arrangements for which the total amount of the obligation is fixed at the reporting date. The new guidance is effective for us January 1, 2014. We are currently assessing what impact, if any, the adoption of this new guidance will have on our consolidated financial position, results of operations and cash flows.

In March 2013, the FASB issued new guidance applicable to the release of the cumulative translation adjustment into net income when a parent either sells a part or all of its investment in a foreign entity or no longer holds a controlling interest in a subsidiary or group of assets that is a nonprofit activity or a business within a foreign entity. The new guidance is effective for us January 1, 2014. We are currently assessing what impact, if any, the adoption of this new guidance will have on our consolidated financial position, results of operations and cash flows.

Note 3 — Acquisitions, Investments, Dispositions and Divestitures

Acquisitions

Buffalo Studios, LLC and Bubbler Media

In December 2012, CIE purchased substantially all of the net assets of Buffalo Studios, LLC ("Buffalo"), a social and mobile games developer and owner of Bingo Blitz, for consideration of \$45.2 million plus an earnout payment with an acquisition date fair value estimated at \$5.6 million. During the first quarter 2013, the estimated fair value of the earnout was increased to \$58.0 million, with a charge to acquisition and integration costs of \$52.4 million.

In September 2012, CIE purchased the assets of Bubbler Media ("Bubbler") a social and mobile games developer based in Belarus, for consideration of approximately \$7.5 million.

The purchase prices of Buffalo and Bubbler were allocated based on estimated fair values of the assets acquired and liabilities assumed, with the excess of the purchase price over the estimated fair value of the net tangible and intangible assets acquired recorded as goodwill. The preliminary purchase price allocations include total assets, liabilities and net assets acquired of Buffalo of \$52.9 million, \$7.7 million and \$45.2 million, respectively. The preliminary purchase price allocations include net assets acquired of Bubbler of \$7.5 million. The Company has not yet finalized its purchase price allocations for either of these transactions and is in the process of performing final reviews of the values assigned to assets acquired and liabilities assumed for both transactions.

Dispositions

Harrah's St. Louis

On November 2, 2012, the Company sold its Harrah's St. Louis casino and recorded a pre-tax gain of \$9.3 million on the sale. In March 2013, upon resolution of the working capital adjustment in connection with such sale, the Company recorded a \$0.7 million reduction to the originally recorded pre-tax gain. We have presented the results of the Harrah's St. Louis casino as discontinued operations in our Consolidated Condensed Statements of Operations for the quarters ended March 31, 2013 and 2012. See "Discontinued Operations" below.

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS (CONTINUED)
(UNAUDITED)

Macau Land Concession

In the fourth quarter of 2012, the Company began discussions with interested investors regarding a sale of the subsidiaries that hold a land concession in Macau. As a result of this plan of disposal, the assets and liabilities have been classified as held for sale in our Consolidated Condensed Balance Sheets at March 31, 2013 and December 31, 2012. During the quarter ended March 31, 2013, the Company recorded a tangible asset impairment charge of \$21.0 million related to the land concession. We have presented the operations of the business as discontinued operations in the Consolidated Condensed Statements of Operations for the quarter ended March 31, 2013 and 2012. See “Discontinued Operations” below.

Alea Leeds

On March 4, 2013, we permanently closed our Alea Leeds casino in England. As a result of the closure, during the quarter ended March 31, 2013, we recorded charges of \$5.7 million related to the write-down of tangible and intangible assets, net of currency translation adjustment and \$15.8 million related to exit costs comprised of non-cancellable contract costs of \$15.1 million, employment related costs of \$0.5 million and other costs in the amount of \$0.2 million. We have presented the operations of Alea Leeds casino as discontinued operations in the Consolidated Condensed Statements of Operations for the quarters ended March 31, 2013 and 2012. See “Discontinued Operations” below.

Less: accumulated depreciation	(3,252.9)	(3,102.1)
	\$ 15,676.2	\$ 15,701.7

In March 2012, we recorded a tangible asset impairment on construction in progress of \$167.5 million related to a halted development project in Biloxi, Mississippi as well as a tangible asset impairment on a project in Spain for \$6.5 million. There were no tangible asset impairments relating to continuing operations in the first quarter 2013.

Depreciation expense, which is included in depreciation and amortization, corporate expense and (loss)/income from discontinued operations in our Consolidated Condensed Statements of Operations, is as follows:

(In millions)	Quarter Ended March 31,	
	2013	2012
Depreciation expense	\$ 163.5	\$ 190.3

Interest expense is capitalized on internally constructed assets at the applicable weighted-average borrowing rates of interest. Capitalization of interest ceases when the project is substantially complete or construction activity is suspended for more than a brief period of time.

Note 6 — Goodwill and Other Intangible Assets

The following table sets forth changes in our goodwill and other intangible assets for the quarter ended March 31, 2013:

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS (CONTINUED)
(UNAUDITED)

As of March 31, 2013 and December 31, 2012, book values are presented net of unamortized discounts of \$2,670.8 million and \$2,691.0 million, respectively.

Current Portion of Long-Term Debt

Our current maturities of long-term debt include required interim principal payments on certain term loans under the senior secured credit facilities, the special improvement district bonds and capitalized lease obligations. The current portion of long-term debt also includes \$125.2 million and \$0.6 million of 5.375% unsecured senior debt and 7.0% unsecured senior debt, respectively. Our current maturities exclude the PHW Las Vegas senior secured loan due in December 2013 and the CMBS financing due in February 2014 based upon the assumed exercise of our option to extend the maturity to 2015.

The current portion of long-term debt at December 31, 2012 includes \$750.0 million of 9.0% notes issued in December 2012 pending satisfaction of certain escrow conditions. On February 20, 2013, the escrow conditions were satisfied and the debt obligation was re-classified to long-term.

CEOC Credit Facilities

In connection with the Acquisition, CEOC entered into the senior secured credit facilities (the "Credit Facilities"). This financing is neither secured nor guaranteed by Caesars Entertainment's other direct, wholly-owned subsidiaries, including the subsidiaries that own properties that are security for the CMBS Financing, as defined in our 2012 10-K.

In January and February 2013, CEOC converted \$133.9 million aggregate principal amount of original maturity revolver commitments held by consenting lenders to Term B-6 Loans and terminated \$133.9 million principal amount of revolving commitments of extending lenders.

In connection with the February 2013 notes offering described in the CEOC Bond Offerings section below, CEOC received the requisite lenders' consent and entered into a bank amendment to its Credit Facilities to, among other things: (i) use the net cash proceeds of the February 2013 notes offering to repay a portion of CEOC's existing term loans as described in the CEOC Bond Offerings section below; (ii) obtain up to \$75.0 million of extended revolving facility commitments with a maturity of January 28, 2017, (iii) increase the accordion capacity under the Credit Facilities by an additional \$650.0 million (which may be used to, among other things, establish extended revolving facility commitments under the Credit Facilities); (iv) modify the calculation of the senior secured leverage ratio for purposes of the maintenance test under the Credit Facilities to exclude the notes issued in February 2013; and (v) modify certain other provisions of the Credit Facilities.

As of March 31, 2013, our Credit Facilities provide for senior secured financing of up to \$4,560.9 million, consisting of (i) senior secured term loans in an aggregate principal amount of \$4,420.4 million, comprised of \$29.1 million maturing on January 28, 2015, \$967.5 million maturing on October 31, 2016, and \$3,423.8 million maturing on January 28, 2018, and (ii) a senior secured revolving credit facility in an aggregate principal amount of up to \$140.5 million, with \$109.4 million maturing January 28, 2014 and \$31.1 million maturing on January 28, 2017, including both a letter of credit sub-facility and a swingline loan sub-facility. The term loans under the Credit Facilities require scheduled quarterly payments of \$2.5 million, with the balance due at maturity. As of March 31, 2013, \$86.8 million of the revolving credit facility is committed to outstanding letters of credit. After consideration of the letter of credit commitments, \$53.7 million of additional borrowing capacity was available to the Company under its revolving credit facility as of March 31, 2013.

CEOC Bond Offerings

In December 2012, CEOC completed the offering of \$750.0 million aggregate principal amount of 9.0% senior secured notes due 2020. On February 20, 2013, when the proceeds were released from escrow, CEOC used \$350.0 million of the proceeds to repay a portion of the existing term loans under the Credit Facilities at par.

In February 2013, CEOC completed the offering of \$1,500.0 million aggregate principal amount of 9.0% senior secured notes due 2020. On March 27, 2013, when the proceeds were released from escrow, CEOC used \$1,433.3 million of the proceeds to repay a portion of the existing term loans under the Credit Facilities at par.

As a result of these repayments, CEOC recognized a loss on early extinguishment of debt of \$29.4 million.

CMBS Financing

In February 2013, we paid an extension fee of \$23.3 million and exercised the option to extend the maturity of the CMBS Financing to 2014. The loan contains an additional extension option to extend its maturity from 2014 to 2015, subject to certain conditions. As part of the extension, we entered into a new interest rate cap agreement as further described in Note 8, "Derivative Instruments."

Restrictive Covenants and Other Matters

Certain of our borrowings have covenants and requirements that include, among other things, the maintenance of specific levels of financial ratios. Failure to comply with these covenants can result in limiting our long-term growth prospects by hindering our ability to incur future indebtedness or grow through acquisitions, or cause an event of default. Specifically, the Credit Facilities require CEOC to maintain a senior secured leverage ratio of no more than 4.75 to 1.0, which is the ratio of senior first priority secured debt to last twelve months ("LTM") Adjusted EBITDA - Pro Forma - CEOC Restricted. After giving effect to the February 2013 bank amendment to the Credit Facilities discussed above, this ratio excludes \$3,700.0 million of first priority senior secured notes and up to \$350.0 million aggregate principal amount of consolidated debt of subsidiaries that are not wholly owned. For purposes of calculating the senior secured leverage ratio, the amount of senior first priority secured debt is reduced by the amount of unrestricted cash on hand. As of March 31, 2013, CEOC's senior secured leverage ratio was 3.82 to 1.0.

In addition, certain covenants contained in CEOC's senior secured credit facilities and indentures covering its first priority senior secured notes and second priority senior secured notes restrict our ability to take certain actions such as incurring additional debt or making acquisitions if we are unable to meet a fixed charge coverage ratio (LTM Adjusted EBITDA-Pro Forma - CEOC Restricted to fixed charges) of at least 2.0 to 1.0, a total first priority secured leverage ratio (first priority senior secured debt to LTM Adjusted EBITDA-Pro Forma - CEOC Restricted) of no more than 4.5 to 1.0, and/or a consolidated leverage ratio (consolidated total debt to LTM Adjusted EBITDA-Pro Forma - CEOC Restricted) of no more than 7.25 to 1.0. As of March 31, 2013, CEOC's total first priority secured leverage ratio and consolidated leverage ratio were 6.69 to 1.0 and 12.95 to 1.0, respectively. For the twelve months ended March 31, 2013, CEOC's LTM Adjusted EBITDA-Pro Forma - CEOC Restricted was insufficient to cover fixed charges by \$504.6 million. For purposes of calculating the fixed charge coverage ratio, fixed charges includes consolidated interest expense less interest income and any cash dividends paid on preferred stock (other than amounts eliminated in consolidation). For purposes of calculating the total first priority secured leverage ratio and the consolidated leverage ratio, the amounts of first priority senior secured debt and consolidated total debt, respectively, are reduced by the amount of unrestricted cash on hand. The covenants that provide for the fixed charge coverage ratio, total first priority secured leverage ratio, and consolidated leverage ratio described in this paragraph are not maintenance covenants.

Note 8 — Derivative Instruments

Derivative Instruments – Interest Rate Swap Agreements

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. As of March 31, 2013, we have entered into eight interest rate swap agreements for notional amounts totaling \$5,750.0 million. The difference to be paid or received under the terms of the interest rate swap agreements is accrued as interest rates change and recognized as an adjustment to interest expense for the related debt. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreements will have a corresponding effect on future cash flows.

The variable rate on our interest rate swap agreements did not materially change as a result of the April 25, 2013 reset.

Derivative Instruments – Interest Rate Cap Agreements

In February 2013, in conjunction with exercising the option to extend the maturity of the CMBS Financing to 2014, we entered into a new interest rate cap agreement. The interest rate cap agreement, which is effective from February 13, 2013 and terminates February 13, 2015, is for a notional amount of \$4,664.1 million at a LIBOR cap rate of 4.5%. Any future changes in fair value of the interest rate cap will be recognized in interest expense during the period in which the changes in value occur.

Derivative Instruments – Other

During the second quarter of 2012, the Company entered into a written put option (the “Option”) for certain preferred equity interests. The potential future aggregate cash payments of \$17.5 million as of March 31, 2013 related to the Option may occur from time to time. Based on the structure of this security as a written put option, the obligation for these potential cash payments is not reflected in our Consolidated Condensed Balance Sheets. Additionally, the Option is recorded in our Consolidated Condensed Balance Sheets at its fair value, which was de minimis as of March 31, 2013.

Note 11 — Loss Per Share

Basic loss per share from continuing operations and discontinued operations is calculated by dividing loss from continuing operations and (loss)/income from discontinued operations, respectively, net of income taxes, by the weighted-average number of common shares outstanding for each period. Because the Company generated net losses for the quarters ended March 31, 2013 and 2012, the weighted-average basic shares outstanding was used in calculating diluted loss per share from continuing operations, and diluted (loss)/earnings per share from discontinued operations, as using diluted shares would be anti-dilutive to loss per share.

The following table shows the number of shares which were excluded from the computation of diluted loss per share as they were anti-dilutive:

<u>(In millions)</u>	<u>Quarter Ended March 31,</u>

Note 12 — Write-downs, Reserves, and Project Opening Costs, net of Recoveries

Write-downs, reserves, and project opening costs, net of recoveries include project opening costs and various pre-tax charges to record contingent liability reserves, costs associated with efficiency projects, project write-offs, demolition costs, and other non-routine transactions, net of recoveries of previously recorded non-routine reserves.

The components of write-downs, reserves, and project opening costs, net of recoveries are as follows:

(In millions)	Quarter Ended March 31,	
	2013	2012
Write-downs and reserves, net of recoveries:		
Remediation costs	\$ 12.1	\$ 2.4
Divestitures and abandonments	1.8	6.2

Project opening costs	1.7	1.7
Total write-downs, reserves, and project opening costs, net of recoveries	\$ 20.7	\$ 16.2

Remediation costs relate to projects at certain of our Las Vegas properties.

Divestitures and abandonments include (gains)/losses on divested or abandoned assets and costs associated with various projects that are determined to no longer be viable.

Efficiency projects represent costs incurred to identify and implement efficiency programs aimed at streamlining corporate and operating functions to achieve cost savings.

Other includes contingent liability reserves, demolition costs, and other non-routine transactions.

Note 13 — Income Taxes

Total income taxes were allocated as follows:

(In millions)	Quarter Ended March 31,	
	2013	2012
Income tax benefit on loss before income taxes	\$ (290.2)	\$ (158.3)
Income tax (benefit)/provision on discontinued operations	(2.8)	6.9
Accumulated other comprehensive loss	1.5	2.9

We classify reserves for tax uncertainties within accrued expenses and deferred credits and other in our Consolidated Condensed Balance Sheets, separate from any related income tax payable or deferred income taxes. Reserve amounts relate to any potential income tax liabilities resulting from uncertain tax positions as well as potential interest or penalties associated with those liabilities.

The effective tax rate for the quarter ended March 31, 2013 and 2012 was 62.3% and 35.4%, respectively. The primary cause for the difference from the federal statutory rate of 35% is due to a discrete tax benefit from a capital loss resulting from a tax election made for U.S. federal income tax purposes during the quarter which was retroactive to December 2012. In addition, the rate was favorably impacted by (i) retroactive U.S. tax law changes which were enacted in January 2013 and (ii) a favorable tax ruling in Israel received in February 2013.

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. We are under regular and recurring audit by the Internal Revenue Service on open tax positions, and it is possible that the amount of the liability for unrecognized tax benefits could change during the next twelve months.

Note 14 — Fair Value Measurements

Items Measured at Fair Value on a Recurring Basis

The following table shows the fair value of our financial assets and financial liabilities that are required to be measured at fair value as of March 31, 2013 and December 31, 2012:

<u>(In millions)</u>	<u>Balance</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
March 31, 2013

Derivative instruments	*	—	*	—
Liabilities:				
Derivative instruments	(306.4)	—	(306.4)	—

* Amount rounds to zero

The following section describes the valuation methodologies used to estimate or measure fair value, key inputs, and significant assumptions:

Investments

Investments consist of debt and equity securities with maturity dates greater than 90 days at the date of the security's acquisition. These securities are traded in active markets, have readily determined market values, and use Level 1 inputs. Securities for which there are not active markets or the market values are not readily determinable are valued using Level 2 inputs. All of these investments are included in either prepayments and other current assets or deferred charges and other in our Consolidated Condensed Balance Sheets.

The fair value of investments in marketable securities were as follows:

<u>(In millions)</u>	<u>March 31, 2013</u>	<u>December 31, 2012</u>
Equity securities	\$ 3.2	\$ 2.8
Government bonds	111.9	111.4
Other liquid investments	42.7	41.0
Total investments	<u>\$ 157.8</u>	<u>\$ 155.2</u>

Gross unrealized gains and losses on marketable securities at March 31, 2013 and December 31, 2012 were not material.

Derivative instruments

The estimated fair values of our derivative instruments are derived from market prices obtained from dealer quotes for similar, but not identical, assets or liabilities. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts. Our derivatives are recorded at their fair values, adjusted for the credit rating of the counterparty if the derivative is an asset, or adjusted for the credit rating of the Company if the derivative is a liability. See Note 8, "Derivative Instruments," for more information.

Items Measured at Fair Value on a Non-recurring Basis

The following table shows the fair value of our assets and liabilities that are required to be measured at fair value as of March 31, 2013 and the total impairment recorded on these assets during the three months ended March 31, 2013:

(In millions)	Balance	Level 1	Level 2	Level 3	Total Impairment
Intangible assets other than goodwill	\$ 17.8	\$ —	\$ —	\$ 17.8	\$ 20.0
Net assets held for sale	\$ 394.6	\$ —	\$ —	\$ 394.6	\$ 21.0
Contingent earnout liability	\$ 58.0	\$ —	\$ —	\$ 58.0	\$ —

Net assets held for sale represent the net assets of the subsidiaries that hold our land concession in Macau and the contingent earnout liability relates to CIE's acquisition of Buffalo's assets, both of which are further described in Note 3, "Acquisitions, Investments, Dispositions and Divestitures."

Market and income approaches were used to value the intangible and tangible assets in accordance with the provisions of FASB Codification Subtopic 350, *Intangibles -- Goodwill and Other*, and Subtopic 360, *Property, Plant, and Equipment*. Inputs included an expected range of market values, probability assessments made by management that each outcome could be achieved, expected cash flows, recent comparable transactions, discounted cash flows, discount rate, royalty rate, growth rate, and tax rate. The fair value of our contingent liability is estimated based upon probability-weighted outcomes using the best information available including cash flow projections.

Items Disclosed at Fair Value

Long-term debt

The fair value of the Company's debt has been calculated based on the borrowing rates available as of March 31, 2013, for debt with similar terms and maturities, and based on market quotes of our publicly traded debt. As of March 31, 2013, the Company's outstanding debt had an estimated fair value of \$21,499.1 million and a carrying value of \$21,277.1 million.

Note 15 — Litigation, Contractual Commitments and Contingent Liabilities

Litigation

Nevada Sales and Use Tax

The Supreme Court of Nevada decided in early 2008 that food purchased for subsequent use in the provision of complimentary and/or employee meals is exempt from use tax. Previously, such purchases were subject to use tax and the Company has claimed, but not recognized into earnings, a use tax refund totaling \$32.2 million, plus interest, as a result of the 2008 decision. In early 2009, the Nevada Department of Taxation ("Department") audited our refund claim, but has taken the position that those same purchases are now subject to sales tax; therefore, they subsequently issued a sales tax assessment totaling \$27.4 million plus interest after application of our refund on use tax.

On October 21, 2010, the administrative law judge ("ALJ") issued a decision and ruled in our favor on a number of key issues, including that complimentary employee meals are not subject to sales tax. Although both the Company and the Department filed an appeal of the decision with the Nevada Tax Commission ("Commission"), the case was returned to the ALJ for further factual development. The ALJ issued a second decision on March 8, 2012, reversing her previous, partially favorable ruling relating to the taxability of complimentary employee meals and affirmed the taxability of complimentary meals but limited the entire sales tax assessment to the amount of the Company's use tax refund claims resulting in no use tax refund awarded but no sales tax amounts due. The ALJ decision was affirmed in the Commission hearing on June 25, 2012 and the Commission's final decision was issued on July 31, 2012. We filed a petition for judicial review with the District Court on August 7, 2012. On March 1, 2013, the District Court judge ruled that employee meals are not subject to sales tax but affirmed the application of sales tax to complimentary patron meals. Additionally, the judge ordered a refund of the portion of our use tax refund claims filed prior to October 1, 2005 without any offsetting sales tax assessments relating to complimentary patron meals for those periods. We have appealed the District Court decision to the Nevada Supreme Court.

(UNAUDITED)

Subsequent to a written Commission decision issued in February 2012 for another gaming company, the Department has issued draft regulations requiring the collection of sales tax on the retail value of complimentary meals and the cost of employee meals. Although the Commission approved the regulation on June 25, 2012, there are several additional approvals required, including by the Legislative Commission, before the regulation is finalized. On June 6, 2012, the Department issued additional guidance regarding the payment of sales tax on complimentary and employee meals, maintaining that meals are taxable as of February 15, 2012 but that the payment of the tax is due, without penalty or interest, at the earlier of (a) one month after approval of the regulation by the Legislative Commission, (b) one month after a Nevada Supreme Court decision, (c) the effective date of any legislation or (d) June 30, 2013. The Department stated that it provided this additional guidance regarding the deferral of payment requirements because the Legislative Commission has not had the opportunity to approve the regulation and because there are several ongoing appeals that have not been heard by the Commission and the Nevada Supreme Court.

As of March 31, 2013 we have accrued \$17.5 million in sales tax accruals on complementary meals. Due to uncertainty regarding the ultimate outcome of our pending litigation and/or the final approval and form of the pending regulation, we continue to record sales tax reserves against loss on this matter.

Other

The Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any pending litigation to have a material effect on our consolidated financial position, results of operations, or cash flows.

Contractual Commitments

Material changes to our aggregate indebtedness are described in Note 7, "Debt." At March 31, 2013, our estimated interest payments for the rest of the year ended December 31, 2013 are \$1,511.8 million, for the years ended December 31, 2014 through 2017 are \$2,024.6 million, \$1,682.4 million, \$1,527.9 million, and \$1,273.5 million, respectively, and our estimated interest payments thereafter are \$1,421.1 million.

There have been no material changes of our other known contractual obligations to those set forth in our 2012 10-K.

Contingent Liabilities

In December 1998, Hilton Hotels Corporation ("Hilton") spun-off its gaming operations as Park Place Entertainment Corporation ("Park Place"). In connection with the spin-off, Hilton and Park Place entered into various agreements, including an Employee Benefits and Other Employment Allocation Agreement dated December 31, 1998 (the "Allocation Agreement") whereby Park Place assumed or retained, as applicable, certain liabilities and excess assets, if any, related to the Hilton Hotels Retirement Plan (the "Hilton Plan") based on the accrued benefits of Hilton employees and Park Place employees. Park Place changed its name to Caesars Entertainment, Inc., and the Company acquired Caesars Entertainment, Inc. in June 2005. In 1999 and 2005, the United States District Court for the District of Columbia (the "Court") certified two nationwide classes in the lawsuit against Hilton and others alleging that the Hilton Plan's benefit formula was backloaded in violation of ERISA, and that Hilton and the other defendants failed to properly calculate Hilton Plan participants' service for vesting purposes. In May 2009, the Court issued a decision granting summary judgment to the plaintiffs. Thereafter, the Court required the parties to attempt to agree on a remedies determination and further required the parties to submit briefs to the Court in support of their positions. On September 7, 2010, the Court issued an opinion resolving certain of Hilton's and the plaintiffs' issues regarding a remedies determination and requiring the parties to confer and take other actions in an effort to resolve the remaining issues. On July 28 and 29, 2011, the Court held a hearing to address the remaining remedy issues and on August 31, 2011, the Court issued a Memorandum Opinion and a final Order (the "Order"). In the Order, the Court ordered, among other things, Hilton to award back payments and commence increased benefits for all class members no later than January 1, 2012 or, in the case of any individual benefit or vesting disputes, within 30 days after the final dispute resolution by the Court. On September 28, 2011, Hilton filed a Motion for Reconsideration to ask the Court to reconsider certain aspects of the Order. On October 5, 2011, Hilton filed a Notice of Appeal to appeal all aspects of the Order and all other orders in the case to the United States Court of Appeals for the District of Columbia Circuit (the "Circuit Court") and on December 22, 2011, plaintiffs filed a cross-appeal. On November 28, 2011, Hilton filed a motion to stay the implementation of the backloading remedy pending the appeal and on January 19, 2012, the Court granted Hilton's motion contingent upon Hilton posting a bond of \$75.8 million by no later than February 21, 2012. On December 14, 2012, the Circuit Court affirmed the decisions of the Court. At various times prior to the Court's 2010 opinion, we were advised by counsel for the defendants that the plaintiffs estimated that the damages were in the range of \$80.0 million to \$280.0 million. Counsel for the defendants further advised that approximately \$50 million of the damages relates to questions regarding the proper size of the class and the amount, if any, of damages to any additional class members due to issues with Hilton's record keeping.

The Company received a letter from Hilton dated October 7, 2009 notifying the Company for the first time of this lawsuit and alleging that the Company has potential liability for the above described claims under the terms of the Allocation Agreement. Based on the terms of the Allocation Agreement, the Company believes its maximum potential exposure is approximately 30 percent to 33 percent of the amount ultimately awarded as damages. The Company is not a party to the proceedings between the plaintiffs and the defendants and has not participated in the defense of the litigation or in any discussions between the plaintiffs and the defendants about potential remedies or damages. Further, the Company does not have access to information sufficient to enable the Company to make an independent judgment about the possible range of loss in connection with this matter. Based on conversations between our representative of the Company and a representative of the defendants, the Company believes it is probable that damages will be at least \$80.0 million and, accordingly, the Company recorded a charge of \$25.0 million in accordance with FASB Codification Subtopic 450, *Contingencies*, during the second quarter 2010 in relation to this matter. The Company has not changed its belief respecting the damages which may be awarded in this lawsuit as a result of the 2010 opinion of the Court, the Order, or the Circuit Court's rulings. The Company also continues to believe that it may have various defenses if a claim under the Allocation Agreement is asserted against the Company, including defenses as to the amount of damages. Because the Company has not had access to sufficient information regarding this matter, we cannot at this time predict the ultimate outcome of this matter or the possible additional loss, if any.

Note 17 — Stock-Based Compensation

Our stock-based compensation expense consists primarily of time-based and performance-based options of Caesars Entertainment and one of its subsidiaries that have been granted to management, other personnel and key service providers. The Company has recognized compensation expense associated with its stock-based compensation programs as follows:

(In millions)	Quarter Ended March 31,	
	2013	2012
Amounts included in:		
Corporate expense	\$ 0.7	\$ 10.1
Property, general, administrative, and other	2.9	1.4
Total stock-based compensation expense	\$ 3.6	\$ 11.5

During the quarter ended March 31, 2013, the Company recorded \$1.3 million of expense related to stock-based awards of its subsidiaries, of which \$0.5 million related to liability-classified awards that are re-measured to fair value at each reporting date, and \$0.8 million related to equity-classified awards that are measured at their fair value at the date of grant.

The following is a summary of share-based option activity, including options under the Company's 2008 incentive plan and the Company's 2012 incentive plan and warrants to purchase common stock, for the quarter ended March 31, 2013:

Note 18 — Related Party Transactions

In connection with the Acquisition, the Sponsors entered into a services agreement with Caesars Entertainment relating to the provision of financial and strategic advisory services and consulting services. In addition, we pay a monitoring fee for management services and advice. Fees paid to the Sponsors, which are included in corporate expense in our Consolidated Condensed Statements of Operations, was \$7.5 million for each of the quarters ended March 31, 2013 and 2012, respectively. We also reimburse the Sponsors for expenses that they incur related to their management services. We may engage in transactions with companies owned or controlled by affiliates of our Sponsors in the normal course of business. We believe such transactions are conducted at fair value. In addition, certain entities affiliated with or under the control of our Sponsors may from time to time transact in and hold our debt securities, and participate in any modifications of such instruments on terms available to any other holder of our debt.

Note 19 — Subsequent Events

Caesars Growth Partners

On April 23, 2013, the Company announced that its board of directors has approved the material terms of a proposed strategic transaction, pursuant to which the Company will form a new growth-oriented entity, Caesars Growth Partners, LLC (“Growth Partners”), to be owned by Caesars Entertainment and participating Caesars stockholders, including its current financial sponsors, affiliates of the Sponsors. Participating Caesars stockholders will own their interests in Growth Partners through Caesars Acquisition Company (“CAC”), a new company created to facilitate the transaction. CAC will hold all of the voting units of Growth Partners. The Sponsors have advised the Company that they each intend to invest \$250.0 million in CAC, though they have not entered into any agreement to do so. Consummation of the transaction will be contingent on such investment by the Sponsors. Neither CAC nor the Company may sell or transfer any units of Growth Partners without the prior consent of the other prior to the fifth anniversary of the issuance. From and after the fifth anniversary of the issuance, CAC or the Company may transfer units of Growth Partners to a non-competitor of Caesars Entertainment. CAC shall have the right of first offer with respect to any transfer by the Company. In addition, after the fifth anniversary of the issuance, the non-voting units of Growth Partners will be exchangeable into non-voting shares of CAC with terms equivalent to the non-voting units and with rights to have such shares registered under the Securities Act of 1933.

The Company intends to distribute subscription rights at no charge to Caesars stockholders on a pro rata basis. The subscription rights will afford each stockholder of Caesars Entertainment the right to acquire for cash at least the same pro rata ownership interest in CAC as such stockholder holds in Caesars Entertainment. CAC will use the proceeds from its sale of shares to acquire all of the voting interests in Growth Partners. The Company and its subsidiaries will contribute their shares of CIE and approximately \$1.1 billion face value of senior notes previously issued by Caesars Entertainment Operating Company, Inc. (“CEOC Notes”) that are owned by another subsidiary of the Company, which together have been valued at \$1.275 billion, to Growth Partners in exchange for non-voting units. This valuation may be increased by up to \$225.0 million if earnings from CIE’s social and mobile games business exceed a specified amount in 2015, in which case the Company or its subsidiaries will receive additional non-voting units of Growth Partners. As a result of these asset contributions, the Company’s economic interest in Growth Partners at the closing of the transaction will be at least 57.0%, and may be as much as 77.0%, depending on the amount of proceeds raised by CAC through its sale of shares, prior to any potential valuation increase and certain other potential adjustments. Additionally, Growth Partners intends to use \$360.0 million of proceeds received from CAC to purchase from a Caesars Entertainment subsidiary the Planet Hollywood Resort & Casino in Las Vegas, Caesars’ joint venture interests in a casino under development in Baltimore (Horseshoe Baltimore) and a financial stake in the management fee stream for both of those properties, equal to 50% of the management fee. A subsidiary of Growth Partners will assume the current debt outstanding of \$515.5 million related to Planet Hollywood, subject to lender approval. Caesars Entertainment and its affiliated companies will continue to manage Planet Hollywood and Horseshoe Baltimore. Growth Partners will enter into a management services agreement with the Company and certain of its subsidiaries for access to advisory and business management services and corporate shared services, on arm’s length terms.

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS (CONTINUED)
(UNAUDITED)

The Company and Growth Partners will have the opportunity to work together to develop future projects. The Company will have the option to (1) pursue any potential project itself or (2) decline the project for itself, after which Growth Partners may elect or decline to pursue the project. A committee of the board of directors of the Company consisting of disinterested directors will make determinations on behalf of the Company with respect to any new investment and acquisition opportunities. Each opportunity will be negotiated separately by the Company and Growth Partners, but the assumption for these transactions will be that Growth Partners will receive 50.0% of the ongoing management fee. The Company will have the first right to make an offer if Growth Partners plans to sell any assets acquired from the Company.

The transaction will include certain value-related adjustments at closing, as follows.

- Value of the CEOC Notes. The actual value of the CEOC Notes will be recalculated on the closing date of the transaction using the 90 day trading average closing price for each tranche of the CEOC Notes for the period ended on the closing date of the transaction, net of certain costs, commissions and discounts. The ownership percentages of Caesars and CAC in Growth Partners will be recalculated accordingly.
- Restoration of fair market value of the rights. The aggregate value (the “rights value”), if any, of the CAC subscription rights that are distributed by Caesars will be returned to Caesars by Growth Partners in the form of CEOC Notes with equivalent value to the rights value. To determine the number of CEOC Notes to be returned to Caesars, the value of the CEOC Notes will be recalculated based on the same methodology originally used to calculate the currently-agreed valuation of the CEOC Notes, but determined as of the date of the restoration. This transfer will not reduce the number of Caesars non-voting units of Growth Partners or CAC’s voting units of Growth Partners, but it will reduce CAC’s capital account balance.

After the third anniversary of the closing of the transaction, the Company and/or its subsidiaries will have the right to acquire the voting units of Growth Partners, or at the election of CAC, the shares of CAC. The call right may be exercised, at the Company's option, for either cash or registered listed common stock of Caesars Entertainment or a combination thereof, provided that the cash portion of the consideration may not exceed 50.0% of the total consideration delivered in connection with any exercise of the call right. The call right may be exercisable in part by the Company (up to three times), but until the call right is exercised in full, any voting units acquired by the Company will be converted into non-voting units. Additionally, the call right may only be exercised if the following conditions are met: (x) Caesars’ common stock (i) is registered with the Securities and Exchange Commission, (ii) is listed for trading and trades on a national securities exchange and (iii) issuable upon exercise of the call will represent, in the aggregate, not more than 50.0% of the total Caesars’ common stock issued and outstanding giving effect to the exercise of the call; (y) Caesars has a minimum liquidity of \$1.0 billion and a maximum net debt leverage ratio of 9.00 to 1.00; and (z) no event of default has occurred and is in effect under any financing agreement of the Company or its subsidiaries. The call price will be the greater of (a) CAC’s pro rata share of the fair market value of the purchased shares at the time of the exercise of the call right and (b) CAC’s net capital invested plus a 10.5% internal rate of return; however, the maximum internal rate of return that may be earned by CAC upon the exercise of the call right is 25.0%. Further, in the event that a stockholder vote of the Company is required in connection with the exercise of the call right, receipt of affirmative approval of such vote will be a condition to the exercise of the call right and at closing the Sponsors will enter into a voting support agreement in favor of any such stockholder approval. In addition, a majority of the independent directors of the board of directors of the Company must approve the exercise of the call right by the Company and/or its subsidiaries. The call right will be transferable by the Company to a transferee that also receives a transfer of all of the non-voting units of Growth Partners held by the Company and will be exercisable by the transferee upon the same terms and conditions that apply to the Company.

Following the fifth anniversary of the closing of the transaction and until the eight years and six months anniversary of the closing of the transaction, the board of directors of CAC will have the right to cause a liquidation of Growth Partners, which means the sale or winding up of Growth Partners, or other monetization of all of its assets and the distribution of the proceeds remaining after satisfaction of all liabilities of Growth Partners to the holders of Growth Partners' units. Unless otherwise agreed by the holders of the non-voting units, on the eight years and six months anniversary of the closing of the transaction, if CAC has not previously exercised its liquidation right, Growth Partners shall liquidate as described above. Upon a liquidation, all net cash and other assets of Growth Partners that are not monetizable shall, subject to applicable gaming regulatory laws, be distributed as follows: (i) first, to all units held by CAC until amounts distributed equal return of capital plus a 10.5% per annum return on investment (such return to begin accruing on the proceeds in excess of the purchase price of Planet Hollywood and Horseshoe Baltimore only upon the investment of such excess proceeds by Growth Partners); (ii) second, to all units held by the Company and/or its subsidiaries until the Company catches up to its respective amount distributed pursuant to clause (i) (including the 10.5% per annum return on investment) and (iii) third, to all holders of units pro rata. The terms and conditions of the transactions will be subject to the terms and conditions set forth in the definitive documentation for these transactions. The closing of the transactions will be subject to certain conditions, including entry into definitive documentation, the receipt of required approvals from applicable gaming and other regulatory authorities and the receipt of certain bring-down opinions, and there can be no assurance that such conditions will be satisfied.

Note 20 — Condensed Consolidating Financial Information of Guarantors and Issuers

CEOC is the issuer of certain registered debt securities, a portion of which is guaranteed by Caesars Entertainment ("Parent-Only Guaranteed Debt") and a portion of which is guaranteed by both Caesars Entertainment and certain wholly-owned subsidiaries of CEOC ("Parent and Subsidiary Guaranteed Debt"). The table below presents the condensed consolidating financial information relevant to these two guarantee structures as of March 31, 2013, and December 31, 2012, and for the quarters ended March 31, 2013 and 2012. The CEC (parent guarantor), subsidiary issuer, and subsidiary non-guarantors of parent-only guaranteed debt columns represent the information related to the Parent-Only Guaranteed Debt structure. The CEC (parent guarantor), subsidiary issuer, subsidiary guarantors of parent and subsidiary guaranteed debt, and subsidiary non-guarantors of parent and subsidiary guaranteed debt columns represent the information related to the Parent and Subsidiary Guaranteed Debt structure.

In lieu of providing separate unaudited financial statements for the guarantor subsidiaries, we have included the accompanying condensed consolidating financial statements based on Rule 3-10 of the SEC's Regulation S-X. Management does not believe that separate financial statements of the guarantor subsidiaries are material to our investors; therefore, separate financial statements and other disclosures concerning the guarantor subsidiaries are not presented.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of the financial position and operating results of Caesars Entertainment for the quarters ended March 31, 2013 and 2012 should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations presented in our 2012 10-K.

Regional Aggregation

The executive officers of the Company review operating results, assess performance, and make decisions related to the allocation of resources on a property-by-property basis. We believe, therefore, that each property is an operating segment and that it is appropriate to aggregate and present the operations of the Company as one reportable segment. To provide more meaningful information than would be possible on a consolidated basis, the Company's casino properties (as of March 31, 2013 or otherwise noted below), have been grouped into seven regions as shown in the table below to facilitate discussion of the Company's operating results.

Quarter ended March 31, 2013 compared with March 31, 2012

Net revenues decreased \$62.9 million and casino revenues declined \$129.9 million in the first quarter 2013 compared to the very strong prior year quarter, as a result of declines in overall visitation to our properties, likely related to weakness in consumer sentiment, particularly among less affluent consumers.

Revenues dropped most significantly in the Atlantic City region due to continued competitive pressure in the region, weakness in the economic environment, and the slow recovery from Hurricane Sandy. In addition, revenues in Las Vegas were impacted by the continuing construction activity for Project Linq, including the ongoing renovation of The Quad Resort & Casino (the "Quad"), and the closure of Bill's Gamblin' Hall & Saloon ("Bill's") in February 2013 for renovation. Revenues attributable to Caesars Interactive Entertainment, Inc. ("CIE") increased from the prior year quarter due partially to the late-2012 acquisition of substantially all of the assets of Buffalo Studios, LLC ("Buffalo"), creator of Bingo Blitz, and continued strength in the social and mobile games business.

Revenues for the Company's Managed properties increased \$60.7 million from the prior year quarter, mainly due to new managed projects, including Horseshoe Cleveland, which opened in May 2012, Horseshoe Cincinnati, which opened in March 2013, and the management company for Caesars Windsor, which the Company is now consolidating due to the fact that it increased its ownership from 50% to 100%.

First quarter 2013 income from operations increased \$80.5 million, or 131.3%, compared to the first quarter 2012. The increase was primarily due to \$174.0 million of tangible asset impairment charges in the first quarter 2012, compared to a \$20.0 million intangible asset impairment charge in the first quarter 2013. Additionally, the following items adversely impacted the comparability of income from operations:

- a first quarter 2012 property tax refund of approximately \$10 million that did not recur in 2013,
- a first quarter 2012 benefit from the receipt of business interruption insurance proceeds of approximately \$7 million that did not recur in 2013,
- an approximately \$6 million to \$8 million decrease in first quarter 2013 operating income due to the continuing construction activity for Project Linq, and
- a \$52.4 million charge for a contingent earnout liability recorded during the first quarter 2013 related to CIE's acquisition of Buffalo's assets.

Aside from these items affecting comparability, income from operations increased slightly due mainly to a first quarter 2013 benefit from decreases in certain costs when compared to the prior year quarter, including a \$17.8 million decrease in depreciation expense resulting from assets that became fully depreciated early in the current quarter, a \$16.1 million decrease in corporate expense due primarily to a reduction in stock-based compensation expense, and decreases in expenses resulting from the Company's cost savings initiatives. These declines in expenses were partially offset by lower casino revenues in the first quarter 2013 when compared to the prior year quarter.

Net loss attributable to Caesars decreased \$63.0 million, or 22.5%, in the first quarter 2013 from 2012. The decrease was due mainly to the \$80.5 million increase in income from operations described above and a \$131.9 million increase in the benefit for income taxes. Partially offsetting the impact of the above factors was a \$12.7 million increase in interest expense, net of interest capitalized, a \$82.5 million unfavorable change in (loss)/gain on early extinguishments of debt, and a \$48.3 million unfavorable change in the (loss)/income from discontinued operations, net of income taxes, partially as a result of the sale of Harrah's St. Louis, all of which are further described in "Other Factors Affecting Net Loss" that follow herein.

The decline in first quarter 2013 Property EBITDA from 2012 is primarily driven by the factors described above. Further details on this non-GAAP financial measure follows herein.

On a consolidated basis, first-quarter cash average daily room rates for 2013 remained flat from 2012 as lower rates caused by reduced business in Atlantic City and the change in the mix of group business in the Las Vegas region were offset by rate increases in the Louisiana/Mississippi and Other Nevada regions. Total occupancy percentage decreased 2.9 percentage points in the first quarter 2013 from 2012 due to declines in all U.S. regions but most significantly in Atlantic City.

Regional Operating Results

Las Vegas Region

(Dollars in millions)	Quarter Ended March 31,		Percent Favorable/ (Unfavorable)
	2013	2012	
Casino revenues	\$ 393.5	\$ 417.2	(5.7)%
Net revenues	751.7	771.6	(2.6)%
Income from operations	104.3	120.1	(13.2)%
Operating Margin ⁽¹⁾	13.9%	15.6%	(1.7) pts
Property EBITDA ⁽²⁾	197.9	211.3	(6.3)%

Net revenues decreased \$19.9 million, or 2.6%, in the first quarter 2013 compared with the prior year quarter. Construction activities associated with Project Linq and activities associated with the renovations of the Quad and Bill's have unfavorably impacted the revenues in the region, as well as the comparison to a strong quarter in the prior year. We estimate that these development and construction activities reduced first quarter 2013 revenues in Las Vegas by approximately \$10 million to \$13 million and reduced income from operations and Property EBITDA by approximately \$6 million to \$8 million.

Casino revenues were down \$23.7 million, or 5.7%, due to an overall reduction in visitation to the region's properties.

Food and Beverage revenues increased \$16.3 million, or 8.2%, due to the addition of several new restaurant offerings such as Bacchanal Buffet and Nobu at Caesars Palace and Gordon Ramsay-branded restaurants at Caesars Palace, Paris, and Planet Hollywood.

Hotel revenues were down \$6.6 million, or 3.4%, as a result of a decrease in cash average daily room rates from \$95 in 2012 to \$94 in 2013 and a decrease in occupancy of 1.4 percentage points driven mainly by a change in the mix of group business, and the impact of the renovations of the Quad and Bill's and the Project Linq construction activities.

Overall, property operating expenses in the region declined as a result of decreases in costs attributable to our cost savings initiatives which were partially offset by an increase in bad debt expense and increases in variable costs associated with higher Food and Beverage revenue. Depreciation expense in the region decreased as a result of assets becoming fully depreciated, while write-downs, reserves, and project opening costs, net of recoveries increased as a result of additional remediation costs in 2013 when compared with 2012.

Property EBITDA declined \$13.4 million, or 6.3% , due mainly to the factors above.

During 2012, we secured \$185.0 million in financing to fund the complete renovation of Bill's into a boutique lifestyle hotel that includes a dayclub/nightclub. The renovation will include a complete remodeling of the guest rooms, casino floor, and common areas, the addition of a second floor restaurant, and the construction of an approximately 65,000 square foot rooftop pool and dayclub/nightclub. We will own the property and manage the casino, hotel, and food and beverage operations, and the dayclub/nightclub will be leased to a third party. Bill's temporarily closed in early February 2013 to accommodate these renovations. The renovated hotel, casino, and restaurant are expected to re-open as the Gansevoort Las Vegas in early 2014 and the dayclub/nightclub is expected to open in the first half of 2014. Through March 31, 2013, \$4.6 million had been spent on this project, of which \$1.6 million was spent in 2013.

During 2011, we commenced construction on Project Linq, a dining, entertainment, and retail development between the Flamingo casino and the Quad, on the east side of the Las Vegas Strip, which is scheduled to open in phases beginning in late 2013. Project Linq also includes the construction of a 550-foot observation wheel, the High Roller, which is expected to open in early 2014. Through March 31, 2013, \$312.4 million had been spent on this project, of which \$71.8 million was spent in 2013.

Atlantic City Region

(Dollars in millions)	Quarter Ended March 31,		Percent Favorable/ (Unfavorable)
	2013	2012	
Casino revenues	\$ 310.6	\$ 372.4	(16.6)%
Net revenues	365.3	432.5	(15.5)%
(Loss)/income from operations	(3.2)	18.8	*
Operating Margin ⁽¹⁾	(0.9)%	4.3%	(5.2) pts
Property EBITDA ⁽²⁾	51.2	69.9	(26.8)%

* Not meaningful.

The Atlantic City region continues to be affected by a weak economic environment, and the very slow recovery from the effects of Hurricane Sandy, which made landfall in the fourth quarter 2012. This, combined with continued competitive pressure in the region, has caused a significant decline in visitation to the region's properties as compared to 2012. As a result, net revenues in the region declined \$67.2 million, or 15.5%, in the first quarter of 2013 from the year-earlier period.

However, property operating expenses in 2013 were also lower than in 2012 as a result of significant decreases in costs attributable to our cost savings initiatives and more efficient marketing spending, partially offset by an increase in write-downs, reserves and project opening costs, net of recoveries. The 2012 quarter income from operations also included approximately \$10 million for property tax refund benefits that did not recur in 2013.

The above factors contributed to the decrease in Property EBITDA of \$18.7 million, or 26.8% .

We expect that the region will continue to be challenged as a result of the slow recovery from the hurricane and competitive pressures. In response, the Company will continue to focus on controlling costs to align the cost structure with lower revenue levels.

Louisiana/Mississippi Region

(Dollars in millions)	Quarter Ended March 31,		Percent Favorable/ (Unfavorable)
	2013	2012	
Casino revenues	\$ 252.9	\$ 270.3	(6.4)%
Net revenues	278.9	303.4	(8.1)%
Income/(loss) from operations	44.3	(121.0)	*
Operating Margin ⁽¹⁾	15.9%	(39.9)%	55.8 pts
Property EBITDA ⁽²⁾	67.1	77.1	(13.0)%

* Not meaningful.

Casino revenues declined significantly during the first quarter 2013 as compared to the same quarter in 2012 due to the weakening in consumer sentiment, contributing to declines in visitation to the region's properties. Additionally, in the first quarter 2012, the region benefited from the receipt of business interruption insurance proceeds of \$7.0 million related to the mid-2011 floods with no similar amount received in the first quarter 2013. As a result, net revenues in the first quarter 2013 decreased \$24.5 million, or 8.1%, from 2012.

Property operating expenses in 2013 were lower than in 2012 as a result of decreases in variable costs associated with lower revenues and cost decreases attributable to our cost savings initiatives. In the first quarter 2012, we recorded \$167.5 million of non-cash tangible asset impairment charges and \$4.5 million of write-downs, reserves, and project opening costs, net of recoveries related to a halted development project in Biloxi, Mississippi, with no comparable charges in the first quarter 2013. Prior to consideration of these 2012 charges and business interruption insurance proceeds, income from operations in the first quarter 2013 was relatively flat compared with 2012.

Lower revenues, partially offset by lower property operating expenses, resulted in a decrease in Property EBITDA of \$10.0 million, or 13.0%.

Iowa/Missouri Region

The following results for all periods exclude the Harrah's St. Louis casino which was sold in November 2012 and has been classified as a discontinued operation in our Consolidated Condensed Statements of Operations for the quarter ended March 31, 2012 as a result of the sale of this property.

(Dollars in millions)	Quarter Ended March 31,		Percent Favorable/ (Unfavorable)
	2013	2012	
Casino revenues	\$ 103.5	\$ 111.0	(6.8)%
Net revenues	110.5	118.7	(6.9)%
Income from operations	29.4	27.6	6.5 %
Operating Margin ⁽¹⁾	26.6%	23.3%	3.3 pts
Property EBITDA ⁽²⁾	36.7	35.0	4.9 %

We experienced lower visitation to the region's properties in the first quarter of 2013 as compared to the prior year period, likely attributable to weakness in consumer sentiment combined with favorable weather conditions in the prior year quarter. The decline in visitation was primarily concentrated in certain lower value guest segments. As a result, casino revenues declined \$7.5 million compared to 2012.

Property operating expenses in 2013 were lower than in 2012 as a result of significant decreases in costs attributable to our cost savings initiatives and more efficient marketing spending. These decreases more than offset the income impact of revenue declines resulting in an increase in income from operations and Property EBITDA.

Illinois/Indiana Region

(Dollars in millions)	Quarter Ended March 31,		Percent Favorable/ (Unfavorable)
	2013	2012	
Casino revenues	\$ 248.3	\$ 260.7	(4.8)%
Net revenues	260.5	273.1	(4.6)%
Income from operations	22.4	38.2	(41.4)%
Operating Margin ⁽¹⁾	8.6%	14.0%	(5.4) pts
Property EBITDA ⁽²⁾	60.7	57.7	5.2 %

We experienced lower visitation to the region's properties in the first quarter of 2013 as compared to the prior year period, likely attributable to weakness in consumer sentiment combined with favorable weather in the prior year quarter. The decline in visitation was primarily concentrated in certain lower value guest segments. As a result, casino revenues declined \$12.4 million compared to 2012.

Property operating expenses in 2013 were lower than in 2012 as a result of decreases in costs attributable to our cost savings initiatives and more efficient marketing spending. In addition, we recorded a non-cash intangible asset impairment charge related to gaming rights of \$20.0 million in the first quarter 2013, with no comparable charge in the first quarter 2012.

The decline in property operating expenses more than offset the decline in revenues, resulting in an increase in Property EBITDA of \$3.0 million, or 5.2%.

Other Nevada Region

(Dollars in millions)	Quarter Ended March 31,		Percent Favorable/ (Unfavorable)
	2013	2012	
Casino revenues	\$ 76.1	\$ 78.8	(3.4)%
Net revenues	99.4	100.7	(1.3)%
Income from operations	5.2	5.7	(8.8)%
Operating Margin ⁽¹⁾	5.2%	5.7%	(0.5) pts
Property EBITDA ⁽²⁾	13.6	16.8	(19.0)%

Net revenues in the region were slightly lower in the first quarter 2013 compared with 2012. Income from operations and Property EBITDA decreased as a result of lower revenues combined with an increase in property operating expenses. Also impacting income from operations, but not Property EBITDA, is a decline in depreciation expense as a result of assets becoming fully depreciated.

Managed, International, and Other

The Managed region includes companies that operate three Indian-owned casinos, as well as Horseshoe Cleveland, Horseshoe Cincinnati (which opened in March 2013) and Caesars Windsor, and the results of Thistledown through August 2012 when the racetrack was contributed to Rock Ohio Caesars, LLC, a joint venture in which we hold a 20% ownership interest. Subsequent to August 2012, the Managed region includes the results of the subsidiary that manages Thistledown upon video lottery terminal operations commencing in April 2013. The International region includes the results of our international operations. The Other region is comprised of corporate expenses, including administrative, marketing, and development costs, income from certain non-consolidated affiliates, and the results of CIE, which consists of the businesses related to the World Series of Poker® (“WSOP”) brand, an online real-money business in the U.K. and alliances with online gaming providers in Italy and France, and the results of our social and mobile games businesses.

In the fourth quarter 2012, we began discussions with interested parties with respect to a sale of the subsidiaries that hold our land concession in Macau. As a result of this plan of disposal, those assets and liabilities have been classified as held for sale at March 31, 2013 and December 31, 2012 and their operating results have been classified as discontinued operations for all periods presented and are excluded from the table below.

On March 4, 2013, we closed the Alea Leeds casino in England and its operating results have been classified as discontinued operations for all periods presented and are excluded from the table below.

Managed

Revenues for our Managed properties increased \$60.7 million from the prior year quarter, primarily due to new managed projects, including Horseshoe Cleveland, which opened in May 2012, Horseshoe Cincinnati, which opened in March 2013, and the management company for Caesars Windsor, the results of which have been consolidated into our financial statements since June 2012 when we increased our 50% ownership to 100%. A large portion of these revenues represent reimbursable payroll expenses that are presented on a gross revenue basis, resulting in an increase in revenues and an equally offsetting increase in operating expenses.

International

Visitation to the London Clubs properties declined from the first quarter 2012 due to competitive pressures which largely resulted in revenue declines of \$9.0 million for these casinos. The revenues at our property in Uruguay rose \$2.8 million for the first quarter 2013 compared with 2012. Property operating expenses in 2013 were lower than in 2012 as a result of decreases in variable costs associated with lower revenues from London Clubs and a decrease in costs attributable to our cost savings initiatives. As a result of the above, income from operations decreased \$0.1 million, or 0.5%.

Other

In late 2012, CIE acquired substantially all of the assets of Buffalo, a social media and mobile games developer and owner of Bingo Blitz, a social and mobile bingo game. This acquisition, combined with the continued strength in CIE's social and mobile games business drove most of the \$16.3 million, or 25.2%, increase in revenues for the Other region in the first quarter 2013 from 2012. Expenses rose due to increases in variable costs associated with higher revenues and a charge of \$52.4 million for contingent earnout liability in the first quarter 2013 relating to the acquisition of the Buffalo assets. We also recorded \$6.5 million of tangible asset impairments in the first quarter 2012 with no comparable charges in the first quarter of 2013. Corporate expenses were down \$16.1 million primarily due to a decrease in stock-based compensation expense. These factors resulted in an increase in loss from operations for the Other region of \$35.0 million, or 67.4%.

⁽¹⁾ Operating margin is calculated as income/(loss) from operations divided by net revenues.

⁽²⁾ See the Reconciliation of Non-GAAP Financial Measures discussion later in this Management's Discussion and Analysis of Financial Condition and Results of Operations for a reconciliation of net loss attributable to Caesars to Property EBITDA.

* Not meaningful.

Interest Expense, Net of Interest Capitalized

Interest expense, net of interest capitalized in the first quarter of 2013 increased \$12.7 million from 2012 due primarily to higher interest rates as a result of extending the maturities of the Company's debt combined with higher debt balances compared with the year-ago quarter, partially offset by mark-to-market gains on derivatives in 2013 compared with losses in 2012. Interest expense for first quarter of 2013 included (i) \$21.0 million of gains due to changes in fair value for derivatives not designated as hedging instruments and (ii) \$3.9 million of expense due to amortization and reclassification of deferred losses on derivative instruments frozen in Accumulated Other Comprehensive Loss ("AOCL"). Interest expense for first quarter of 2012 included (i) \$34.7 million of losses due to changes in fair value for derivatives not designated as hedging instruments and (ii) \$7.1 million of expense due to amortization and reclassification of deferred losses on derivative instruments frozen in AOCL.

Loss/(gain) on Early Extinguishments of Debt

During the first quarter of 2013, we recognized a loss on early extinguishments of debt of \$36.7 million, primarily related to extinguishments of debt under the CEOC Credit Facilities. During the first quarter of 2012, we recognized a gain on early extinguishments of debt of \$45.8 million, net of deferred financing costs, due to the purchase of \$118.7 million face value of CMBS Loans for \$71.8 million.

Benefit for Income Taxes

The effective tax rate benefit for the first quarter of 2013 and 2012 was 62.3% and 35.4%, respectively. The effective rate benefit in the first quarter of 2013 was primarily impacted by a discrete tax benefit from a capital loss resulting from a tax election made for U.S. federal income tax purposes during the quarter but effective at the end of December 2012. In addition, the rate was favorably impacted by (i) retroactive U.S. tax law changes which were enacted in January 2013 and (ii) a favorable tax ruling in Israel received in February 2013.

Loss/(income) from Discontinued Operations, Net of Income Taxes

Loss from discontinued operations, net of income taxes in the first quarter 2013 was \$41.0 million and includes a \$21.0 million tangible asset impairment charge related to the land concession in Macau, and charges totaling \$21.5 million for exit activities and the write-down of tangible and intangible assets related to the March 4, 2013 closure of the Alea Leeds casino. Income from discontinued operations, net of income taxes in the first quarter 2012 was \$7.3 million and includes \$11.6 million of income from operations related to the Harrah's St. Louis casino which was sold on November 2, 2012.

Liquidity and Capital Resources

Cost Savings Initiatives

Caesars Entertainment has undertaken comprehensive cost-reduction efforts to rightsize expenses with business levels. We estimate that our cost-savings programs produced \$66.4 million in incremental cost savings for the first quarter of 2013 compared with the same period in 2012. Additionally, as of March 31, 2013, we expect that these and additional new cost-savings programs will produce additional annual cost savings of \$154.9 million, based on the full implementation of current projects that are in process. As we realize savings or identify new cost-reduction activities, this amount will change.

Capital Spending and Development

We incur capital expenditures in the normal course of business, and we perform ongoing refurbishment and maintenance at our existing casino entertainment facilities, to maintain our quality standards. We also continue to pursue development and acquisition opportunities for additional casino entertainment and other hospitality facilities, as well as online businesses that meet our strategic and return on investment criteria. Cash used for capital expenditures in the normal course of business is typically made available from cash flows generated by our operating activities and established debt programs, while cash used for development projects, including projects currently under development as well as additional projects being pursued, is typically funded from established debt programs, specific project financing, and additional debt offerings. As a result of the sale of the Harrah's St. Louis casino, we have been using and will continue to use the net proceeds from the sale to fund CEOC capital expenditures. Proceeds not used for capital expenditures are required to be used to purchase term loans under the Credit Facilities.

Our planned development projects, if they proceed, will require, individually and in the aggregate, significant capital commitments and, if completed, may result in significant additional revenues. The commitment of capital, the timing of completion, and the commencement of operations of development projects are contingent upon, among other things, negotiation of final agreements and receipt of approvals from the appropriate political and regulatory bodies. We must also comply with covenants and restrictions set forth in our debt agreements.

Our capital spending for the quarter ended March 31, 2013 totaled \$148.1 million, net of an increase of \$5.8 million of related payables. Estimated total capital expenditures for 2013, including 2013 expenditures associated with Project Linq, the Bill's renovation, and other developments for which we expect to obtain financing, are expected to be between \$1,050.0 million and \$1,150.0 million which includes approximately \$300 million of 2013 project financing associated with Project Linq, the Bill's renovation, and other developments for which we expect to obtain financing. In Maryland, we have begun to pursue the project financing for Horseshoe Baltimore.

The following table summarizes our development, renovation/refurbishment, and other capital expenditures for the first quarter of 2013 and 2012:

(Dollars in millions)	Quarter Ended March 31,		Increase/ (Decrease)
	2013	2012	
Development	\$ 58.6	\$ 32.8	25.8
Renovation/refurbishment	79.8	41.0	38.8
Other	9.7	8.9	0.8
Total capital expenditures	\$ 148.1	\$ 82.7	\$ 65.4

Our capital expenditures included capitalized payroll costs of \$2.8 million and \$1.5 million for the three months ended March 31, 2013 and 2012, respectively.

Capital expenditures increased \$65.4 million in the first quarter of 2013 when compared to the prior year period, due primarily to development expenditures associated with Project Linq, and the accelerated pace of our renovation and refurbishment projects at various properties.

Liquidity and Capital Resources

Our cash and cash equivalents, excluding restricted cash, totaled \$2,095.4 million at March 31, 2013 compared with \$1,757.5 million at December 31, 2012. Restricted cash totaled \$366.5 million at March 31, 2013, consisting of cash reserved under loan agreements for development projects and certain expenditures incurred in the normal course of business, such as interest service, real estate taxes, property insurance, and capital improvements. Our operating cash inflows are typically used for operating expenses, debt service costs and working capital needs.

Our cash flows from operating, investing, and financing activities for the three months ended March 31, 2013 and 2012 associated with the Harrah's St. Louis casino, the Alea Leeds casino, and the subsidiaries that hold our land concession in Macau, which are defined as discontinued operations, are included in our Consolidated Condensed Statements of Cash Flows as cash flows from discontinued operations. We sold the Harrah's St. Louis casino on November 2, 2012, and the net proceeds generated from the sale are being used and will continue to be used to fund CEOC capital expenditures. Proceeds not used for capital expenditures are required to be used to purchase term loans under the Credit Facilities.

We are a highly leveraged company and a significant amount of our liquidity needs are for debt service. As of March 31, 2013, we had \$21,277.1 million book value of indebtedness outstanding, including capital lease indebtedness. Cash paid for interest for the quarter ended March 31, 2013 was \$343.8 million. Payments of short-term debt obligations and payments of other commitments are expected to be made from operating cash flows and from borrowings under our established debt programs. Long-term obligations are expected to be paid through refinancing of debt, or, if necessary, additional debt or equity offerings.

In addition to cash flows from operations, available sources of cash include amounts available under our current revolving credit facility. At March 31, 2013, our additional borrowing capacity under the credit facility was \$53.7 million. In April 2013, upon receipt of required regulatory approvals, we obtained an additional \$75.0 million of extended revolving facility commitments with a maturity of January 28, 2017. In recent years, we have not been generating sufficient operating cash flows to fund our investing activities, requiring us to fund our investments with additional financing. Our ability to fund our operations and pay our debt and debt service obligations depends, in part, upon economic and other factors that are beyond our control, and disruptions in capital markets and restrictive covenants related to our existing debt could impact our ability to secure additional funds through financing activities.

From time to time, depending upon market, pricing, and other conditions, as well as on our cash balances and liquidity, we may seek to acquire notes or other indebtedness of the Company through open market purchases, privately negotiated transactions, tender offers, redemption or otherwise, upon such terms and at such prices as we may determine (or as may be provided for in the indentures governing the notes), for cash or other consideration. In addition, we have considered and will continue to evaluate potential transactions to reduce net debt, such as debt for debt exchanges and other transactions. There can be no assurance as to which, if any, of these alternatives or combinations thereof we may choose to pursue in the future as the pursuit of any alternative will depend upon numerous factors such as market conditions, our financial performance, and the limitations applicable to such transactions under our financing documents.

Please refer to Note 7, "Debt," to our consolidated financial statements appearing in Item 1 of this report for details on our debt outstanding. This detail includes, among other things, a table presenting details on our individual borrowings outstanding as of March 31, 2013 and December 31, 2012, changes in our debt outstanding, and certain changes in the terms of existing debt for the quarter ended March 31, 2013. Note 7, "Debt," to our consolidated financial statements appearing in Item 1 of this report also includes details on restrictive covenants related to certain of our borrowings. Note 8, "Derivative Instruments," to our consolidated financial statements appearing in Item 1 of this report discusses the use of interest rate swap and interest rate cap derivatives to manage the mix of our debt between fixed and variable rate instruments.

Caesars Growth Partners

The recently announced transaction with respect to Caesars Growth Partners will, assuming consummation of the transaction, result in a cash infusion into the Company through CEOC as further described in Note 19, "Subsequent Events."

CEOC Bond Offerings

In December 2012, CEOC completed the offering of \$750.0 million aggregate principal amount of 9.0% senior secured notes due 2020. On February 20, 2013, when the proceeds were released from escrow, CEOC used \$350.0 million of the proceeds to repay a portion of the existing term loans under the Credit Facilities at par.

In February 2013, CEOC completed the offering of \$1,500.0 million aggregate principal amount of 9.0% senior secured notes due 2020. On March 27, 2013, when the proceeds were released from escrow, CEOC used \$1,433.3 million of the proceeds to repay a portion of the existing term loans under the Credit Facilities at par.

As a result of these repayments, CEOC recognized a loss on early extinguishment of debt of \$29.4 million.

CEOC Debt

A substantial portion of our financing is comprised of credit facility and notes financing obtained by CEOC. The CEOC financings are neither secured nor guaranteed by Caesars' other subsidiaries, including certain subsidiaries that own properties that secure \$4,664.1 million face value, as of March 31, 2013, of the CMBS loans. Information pertaining solely to the consolidated financial position and results of CEOC and its subsidiaries can be found in Exhibit 99.1 to this Form 10-Q.

In January and February 2013, CEOC converted \$133.9 million aggregate principal amount of original maturity revolver commitments held by consenting lenders to Term B-6 Loans and terminated \$133.9 million principal amount of revolving commitments of extending lenders.

In connection with the February 2013 notes offering described in the CEOC Bond Offerings section above, CEOC received the requisite lenders' consent and entered into a bank amendment to its Credit Facilities to, among other things: (i) use the net cash proceeds of the February 2013 notes offering to repay a portion of CEOC's existing term loans as described in the CEOC Bond Offerings section below; (ii) obtain up to \$75.0 million of extended revolving facility commitments with a maturity of January 28, 2017, which received all required regulatory approvals in April 2013, (iii) increase the accordion capacity under the Credit Facilities by an additional \$650.0 million (which may be used to, among other things, establish extended revolving facility commitments under the Credit Facilities); (iv) modify the calculation of the senior secured leverage ratio for purposes of the maintenance test under the Credit Facilities to exclude the notes issued in February 2013; and (v) modify certain other provisions of the Credit Facilities.

As of March 31, 2013, our Credit Facilities provide for senior secured financing of up to \$4,560.9 million, consisting of (i) senior secured term loans in an aggregate principal amount of \$4,420.4 million, comprised of \$29.1 million maturing on January 28, 2015, \$967.5 million maturing on October 31, 2016, and \$3,423.8 million maturing on January 28, 2018, and (ii) a senior secured revolving credit facility in an aggregate principal amount of up to \$140.5 million, with \$109.4 million maturing January 28, 2014 and \$31.1 million maturing on January 28, 2017, including both a letter of credit sub-facility and a swingline loan sub-facility. The term loans under the Credit Facilities require scheduled quarterly payments of \$2.5 million, with the balance due at maturity. As of March 31, 2013, \$86.8 million of the revolving credit facility is committed to outstanding letters of credit.

CMBS Financing

In February 2013, we paid an extension fee of \$23.3 million and exercised the option to extend the maturity of the CMBS Financing to 2014. The loan contains an additional extension option to extend its maturity from 2014 to 2015, subject to certain conditions. As part of the extension, we entered into a new interest rate cap agreement. The interest rate cap agreement, which is effective from February 13, 2013 and terminates February 13, 2015, is for a notional amount of \$4,664.1 million at a LIBOR cap rate of 4.5%. Any future changes in fair value of the interest rate cap will be recognized in interest expense during the period in which the changes in value occur.

Restrictive Covenants and Other Matters

Certain of our borrowings have covenants and requirements that include, among other things, the maintenance of specific levels of financial ratios. Failure to comply with these covenants can result in limiting our long-term growth prospects by hindering our ability to incur future indebtedness or grow through acquisitions, or cause an event of default. Specifically, the Credit Facilities require CEOC to maintain a senior secured leverage ratio of no more than 4.75 to 1.0, which is the ratio of senior first priority secured debt to last twelve months ("LTM") Adjusted EBITDA - Pro Forma - CEOC Restricted. After giving effect to the February 2013 bank amendment to the Credit Facilities discussed above, this ratio excludes \$3,700.0 million of first priority senior secured notes and up to \$350.0 million aggregate principal amount of consolidated debt of subsidiaries that are not wholly owned. For purposes of calculating the senior secured leverage ratio, the amount of senior first priority secured debt is reduced by the amount of unrestricted cash on hand. As of March 31, 2013, CEOC's senior secured leverage ratio was 3.82 to 1.0.

In addition, certain covenants contained in CEOC's senior secured credit facilities and indentures covering its first priority senior secured notes and second priority senior secured notes restrict our ability to take certain actions such as incurring additional debt or making acquisitions if we are unable to meet a fixed charge coverage ratio (LTM Adjusted EBITDA-Pro Forma - CEOC Restricted to fixed charges) of at least 2.0 to 1.0, a total first priority secured leverage ratio (first priority senior secured debt to LTM Adjusted EBITDA-Pro Forma - CEOC Restricted) of no more than 4.5 to 1.0, and/or a consolidated leverage ratio (consolidated total debt to LTM Adjusted EBITDA-Pro Forma - CEOC Restricted) of no more than 7.25 to 1.0. As of March 31, 2013, CEOC's total first priority secured leverage ratio and consolidated leverage ratio were 6.69 to 1.0 and 12.95 to 1.0, respectively. For the twelve months ended March 31, 2013, CEOC's LTM Adjusted EBITDA-Pro Forma - CEOC Restricted was insufficient to cover fixed charges by \$504.6 million. For purposes of calculating the fixed charge coverage ratio, fixed charges includes consolidated interest expense less interest income and any cash dividends paid on preferred stock (other than amounts eliminated in consolidation). For purposes of calculating the total first priority secured leverage ratio and the consolidated leverage ratio, the amounts of first priority senior secured debt and consolidated total debt, respectively, are reduced by the amount of unrestricted cash on hand. The covenants that provide for the fixed charge coverage ratio, total first priority secured leverage ratio, and consolidated leverage ratio described in this paragraph are not maintenance covenants.

We are in compliance with CEOC's Credit Facilities and indentures, including the senior secured leverage ratio, as of March 31, 2013. In order to comply with the quarterly senior secured leverage ratio in the future, we will need to achieve a certain amount of LTM Adjusted EBITDA - Pro-Forma - CEOC Restricted and/or reduced levels of total senior secured net debt (total senior secured debt less unrestricted cash). The factors that could impact the foregoing include (a) changes in gaming trips, spend per trip and hotel metrics, which we believe are correlated to a consumer recovery, (b) ability to effect cost savings initiatives, (c) asset sales, (d) issuing additional second lien or unsecured debt, or project financing, (e) equity financings, (f) delays in development project spending, or (g) a combination thereof. In addition, under certain circumstances, the Credit Facilities allow us to apply cash contributions received by CEOC as an increase to LTM Adjusted EBITDA - Pro Forma - CEOC Restricted if CEOC is unable to meet its senior secured leverage ratio. However, there is no guarantee that such contributions will be forthcoming.

Based upon our current operating forecast, we believe that we will continue to be in compliance with the senior secured leverage ratio and meet our cash flow needs during the foreseeable future, including the next twelve months. If we are unable to maintain compliance with the senior secured leverage ratio and if we fail to remedy a default pursuant to the terms of the Credit Facilities, there would be an "event of default" under the senior secured credit agreement. We cannot assure you that our business will generate sufficient cash flows from operations, that we will be successful in sales of assets, or that future borrowings will be available to us, to fund our liquidity needs and pay our indebtedness when due. If we are unable to meet our liquidity needs or pay our indebtedness when it is due, we may be required to further reduce expenses, sell additional assets, or attempt to restructure our debt. Any such actions could negatively impact our competitive position and revenue generation. In addition, we have pledged a significant portion of our assets as collateral under certain of our debt agreements and, if any of those lenders accelerate the repayment of borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness.

Guarantees of Third-Party Debt and Other Obligations and Commitments

Material changes to our aggregate indebtedness are described in Note 7, "Debt." At March 31, 2013, our estimated interest payments for the rest of the year ended December 31, 2013 are \$1,511.8 million, for the years ended December 31, 2014 through 2017 are \$2,024.6 million, \$1,682.4 million, \$1,527.9 million, and \$1,273.5 million, respectively, and our estimated interest payments thereafter are \$1,421.1 million.

As of March 31, 2013, there have been no material changes outside of the ordinary course of business to our other known contractual obligations, which are set forth in the table included in Item 7 in our 2012 10-K.

Reconciliation of Non-GAAP Financial Measures

Property EBITDA is presented as a supplemental measure of the Company's performance. Property EBITDA is defined as revenues less property operating expenses and is comprised of net income/(loss) before (i) interest expense, net of interest capitalized and interest income, (ii) (benefit)/provision for income taxes, (iii) depreciation and amortization, (iv) corporate expenses, and (v) certain items that we do not consider indicative of its ongoing operating performance at an operating property level. In evaluating Property EBITDA you should be aware that, in the future, we may incur expenses that are the same or similar to some of the adjustments in this presentation. The presentation of Property EBITDA should not be construed as an inference that future results will be unaffected by unusual or unexpected items.

Property EBITDA is a non-GAAP financial measure commonly used in our industry and should not be construed as an alternative to net income/(loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Property EBITDA may not be comparable to similarly titled measures reported by other companies within the industry. Property EBITDA is included because management uses Property EBITDA to measure performance and allocate resources, and believes that Property EBITDA provides investors with additional information consistent with that used by management.

CAUTIONARY STATEMENT PURSUANT TO THE PRIVATE

SECURITIES LITIGATION REFORM ACT OF 1995

This Quarterly Report on Form 10-Q contains or may contain “forward-looking statements” intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they do not relate strictly to historical or current facts. We have based these forward-looking statements on our current expectations about future events. Further, statements that include words such as “may,” “will,” “project,” “might,” “expect,” “believe,” “anticipate,” “intend,” “could,” “would,” “estimate,” “continue,” or “pursue,” or the negative of these words or other words or expressions of similar meaning may identify forward-looking statements. These forward-looking statements are found at various places throughout the report. These forward-looking statements, including, without limitation, those relating to future actions, new projects, strategies, future performance, the outcome of contingencies such as legal proceedings, and future financial results, wherever they occur in this report, are necessarily estimates reflecting the best judgment of our management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements should, therefore, be considered in light of various important factors set forth above and from time to time in our filings with the Securities and Exchange Commission.

In addition to the risk factors set forth above, important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include without limitation:

- the impact of our substantial indebtedness and the restrictions in our debt agreements;
- access to available and reasonable financing on a timely basis, including our ability to refinance our indebtedness on acceptable terms;
- the effects of local and national economic, credit and capital market conditions on the economy in general, and on the gaming industry in particular;
- the ability to realize the expense reductions from our cost savings programs;
- changes in the extensive governmental regulations to which we and our stockholders are subject, and changes in laws, including increased tax rates, smoking bans, regulations or accounting standards, third-party relations and approvals, and decisions, disciplines, and fines of courts, regulators, and governmental bodies;
- the ability of our customer-tracking, customer loyalty and yield-management programs to continue to increase customer loyalty and same-store or hotel sales;
- the effects of competition, including locations of competitors and operating and market competition;
- our ability to recoup costs of capital investments through higher revenues;
- abnormal gaming holds (“gaming hold” is the amount of money that is retained by the casino from wagers by customers);
- the ability to timely and cost-effectively integrate companies that we acquire into our operations;
- the potential difficulties in employee retention and recruitment as a result of our substantial indebtedness, the ongoing downturn in the gaming industry, or any other factor;
- construction factors, including delays, increased costs of labor and materials, availability of labor and materials, zoning issues, environmental restrictions, soil and water conditions, weather and other hazards, site access matters and building permit issues;
- litigation outcomes and judicial and governmental body actions, including gaming legislative action, referenda, regulatory disciplinary actions and fines and taxation;
- acts of war or terrorist incidents, severe weather conditions, uprisings or natural disasters, including losses therefrom, including losses in revenues and damage to property, and the impact of severe weather conditions on our ability to attract customers to certain of our facilities, such as the amount of losses and disruption to our Company as a result of Hurricane Sandy in late October 2012;

- the effects of environmental and structural building conditions relating to our properties;
- access to insurance on reasonable terms for our assets;
- the impact, if any, of unfunded pension benefits under multi-employer pension plans; and

You are cautioned to not place undue reliance on these forward-looking statements, which speak only as of the date of this Quarterly Report on Form 10-Q. We undertake no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this Quarterly Report on Form 10-Q or to reflect the occurrence of unanticipated events, except as required by law.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates, and commodity prices. Our primary exposure to market risk is interest rate risk associated with our debt. We attempt to limit our exposure to interest rate risk by managing the mix of our debt between fixed-rate and variable-rate obligations. Of our \$23,947.9 million face value of debt, including capital lease obligations, at March 31, 2013, we have entered into interest rate swap agreements to fix the interest rate on \$5,750.0 million of variable rate debt, and \$4,484.2 million of debt remains subject to variable interest rates.

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. We do not purchase or hold any derivative financial instruments for trading purposes.

Foreign currency translation gains and losses were not material to our results of operations for the quarter ended March 31, 2013. Our only material ownership interests in businesses in foreign countries are London Clubs and an approximate 95% ownership of a casino in Uruguay. Therefore, we have not been subject to material foreign currency exchange rate risk from the effects that exchange rate movements of foreign currencies would have on our future results of operations or cash flows.

From time to time, we hold investments in various available-for-sale equity securities; however, our exposure to price risk arising from the ownership of these investments is not material to our consolidated financial position, results of operations, or cash flows.

Item 4. Controls and Procedures

Our principal executive officer and principal financial officer have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), as of March 31, 2013. Based on such evaluation, they have concluded that, as of such date, our disclosure controls and procedures are effective and designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in applicable SEC rules and forms, and that such information is accumulated and communicated to management, including our principal executive officer and principal financial officer, to allow timely decisions regarding required disclosure.

There has been no change in our internal control over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings

There are no material changes from the disclosure set forth under Part I, Item 3, "Legal Proceedings," in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, as amended.

Item 1A. Risk Factors

There are no material changes from the risk factors set forth under Part I, Item 1A, "Risk Factors," in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, as amended.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

1. The Company is party to a Management Investor Rights Agreement (the "MIRA") with certain holders of securities of the Company, including certain members of management of the Company, which governs certain aspects of the Company's relationship with its management security holders. On May 6, 2013, the Company amended the MIRA to provide that shares of the Company's common stock issued upon exercise of an award granted under the Company's Management Equity Incentive Plan and/or 2012 Performance Incentive Plan are not subject to the terms and provisions of the MIRA, including, but not limited to, the restrictions on transfer set forth in the MIRA.

2. Deloitte & Touche LLP ("Deloitte") is our independent registered public accounting firm. In April 2013, Deloitte advised the Company that a retired Deloitte partner who was formerly the advisory partner on Deloitte's audit engagement for the Company during most of 2009 (a period not covered in this filing) is the subject of a formal investigation by the Securities and Exchange Commission ("SEC"). During 2009, this individual engaged in gaming activities at a Company casino. Deloitte conducted a review of these gaming activities and this individual's role as advisory partner and reported to the Audit Committee its conclusion that the individual's activities did not at any time impair Deloitte's independence, because, among other considerations, these activities were not inconsistent with the SEC's independence rules and furthermore he had no substantive role in any audit or review concerning the Company. After the Company conducted its own independent review with the assistance of outside counsel, the Audit Committee of the Board of Directors of the Company accepted Deloitte's report and concurred with Deloitte's conclusion that Deloitte's independence was and is not impaired. If regulatory authorities were to subsequently determine that Deloitte was not independent, such determination may adversely affect our ability to comply with certain obligations imposed by federal securities laws and certain debt agreements, which would have a material adverse effect on our business and financial condition.

SECOND SUPPLEMENTAL INDENTURE

SECOND SUPPLEMENTAL INDENTURE (this "Second Supplemental Indenture") dated as of April 12, 2013, between CAESARS ENTERTAINMENT OPERATING COMPANY, INC. (formerly known as Harrah's Operating Company, Inc.), a Delaware corporation (the "Issuer"), and U.S. BANK NATIONAL ASSOCIATION, a national banking association, as trustee under the Indenture referred to below (the "Trustee"). Capitalized terms used herein and not otherwise defined shall have the meaning assigned to them in the Indenture.

WITNESSETH:

WHEREAS the Issuer and CAESARS ENTERTAINMENT CORPORATION (formerly known as Harrah's Entertainment, Inc.), a Delaware corporation (the "Parent Guarantor"), have heretofore executed and delivered to the Trustee an indenture dated as of December 24, 2008, as supplemented by the first supplemental indenture, dated as of July 22, 2009 (as so supplemented, the "Indenture");

WHEREAS Section 9.01 of the Indenture provides that the Issuer and the Trustee may amend the Indenture without notice to or consent of any holder to conform the text of the Indenture to any provision of the "Description of New Second Lien Notes" in the Offering Memorandum to the extent that such provision in the "Description of New Second Lien Notes" was intended to be a verbatim recitation of a provision of the Indenture; and

WHEREAS pursuant to Section 9.01 of the Indenture, the Trustee and the Issuer are authorized to execute and deliver this Second Supplemental Indenture;

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt of which is hereby acknowledged, the Issuer and the Trustee mutually covenant and agree for the equal and ratable benefit of the holders of the Notes as follows:

1. Amendments. The last paragraph of Section 12.02 of the Indenture is hereby amended and restated in its entirety as follows:

"In addition, the Parent Guarantee will be automatically released upon the election of the Issuer and Notice to the Trustee if the guarantee by Harrah's Entertainment of the Credit Agreement, the Existing Notes or any Indebtedness which resulted in the obligation to guarantee the Notes has been released or discharged."

2. Ratification of Indenture; Second Supplemental Indenture Part of Indenture. Except as expressly amended hereby, the Indenture is in all respects ratified and confirmed and all the terms, conditions and provisions thereof shall remain in full force and effect. This Second Supplemental Indenture shall form a part of the Indenture for all purposes, and every holder of Notes heretofore or hereafter authenticated and delivered shall be bound hereby.

3. Governing Law. **THIS SECOND SUPPLEMENTAL INDENTURE SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAW.**

4. Trustee Makes No Representation. The Trustee makes no representation as to the validity or sufficiency of this Second Supplemental Indenture.

5. Counterparts. The parties may sign any number of copies of this Second Supplemental Indenture. Each signed copy shall be an original, but all of them together represent the same agreement.

6. Effect of Headings. The Section headings herein are for convenience only and shall not effect the construction thereof.

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt of which is hereby acknowledged, the Issuer and the Trustee mutually covenant and agree for the equal and ratable benefit of the holders of the Notes as follows:

1. Amendments. The last paragraph of Section 12.02 of the Indenture is hereby amended and restated in its entirety as follows:

"In addition, the Parent Guarantee will be automatically released upon the election of the Issuer and Notice to the Trustee if the guarantee by Caesars Entertainment of the Credit Agreement, the Existing Notes or any Indebtedness which resulted in the obligation to guarantee the Notes has been released or discharged."

2. Ratification of Indenture; Fourth Supplemental Indenture Part of Indenture. Except as expressly amended hereby, the Indenture is in all respects ratified and confirmed and all the terms, conditions and provisions thereof shall remain in full force and effect. This Fourth Supplemental Indenture shall form a part of the Indenture for all purposes, and every holder of Notes heretofore or hereafter authenticated and delivered shall be bound hereby.

3. Governing Law. **THIS FOURTH SUPPLEMENTAL INDENTURE SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAW.**

4. Trustee Makes No Representation. The Trustee makes no representation as to the validity or sufficiency of this Fourth Supplemental Indenture.

5. Counterparts. The parties may sign any number of copies of this Fourth Supplemental Indenture. Each signed copy shall be an original, but all of them together represent the same agreement.

6. Effect of Headings. The Section headings herein are for convenience only and shall not effect the construction thereof.

[Signature Page Follows]

IN WITNESS WHEREOF, the parties hereto have caused this Fourth Supplemental Indenture to be duly executed as of the date first above written.

WAIVER

THIS WAIVER, made and effective as of April 29, 2013 (the “**Waiver**”), is made by and between Gary W. Loveman (“**Executive**”), Chairman of the Board, Chief Executive and President of Caesars Entertainment Corporation, a Delaware corporation (the “**Company**”), and the Company.

WHEREAS, Executive is a participant in the Company’s Executive Counseling Financial Plan (the “**Plan**”) and in accordance with the terms of that certain Employment Agreement made as of January 28, 2008, and amended on March 13, 2009 (the “**Employment Agreement**”) between Harrah’s Entertainment, Inc. (now named Caesars Entertainment Corporation) and Executive, Executive is entitled to receive Fifty Thousand Dollars (\$50,000.00) per year for financial counseling under the Plan (the “**Financial Counseling Benefit**”);

WHEREAS, the Company has suspended the Plan effective immediately, provided that eligible expenses submitted for reimbursement prior to the close of business on Friday May 3, 2013 will be reimbursed; and

WHEREAS, the Company has requested that and Loveman has agreed to waive his participation in the Plan.

NOW, THEREFORE, in consideration of the premises set forth above and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Waiver. Executive hereby waives the benefits of the provisions of Section 6.5 of Executive’s Employment Agreement, pursuant to which Executive is entitled to the Financial Counseling Benefit.
2. Effectiveness of Waiver; Limited Effect; No Modifications. This Waiver will become effective as of the date hereof. The waiver set forth above shall be limited precisely as written and relate solely to the provisions of Section 6.5 of the Employment Agreement in the manner and to the extent described above, and nothing in this Waiver shall be deemed to

constitute a waiver of compliance by Executive with respect to any other term, provision or condition of the Employment Agreement or any other instrument or agreement referred to therein. Nothing contained in this Waiver will be deemed or construed to amend, supplement or modify the Employment Agreement (including, without limitation, the provisions of Section 6.5 thereof) or otherwise affect the rights and obligations of any party thereto, all of which remain in full force and effect.

3. Miscellaneous.

(a) This Waiver is governed by, and construed in accordance with, the laws of the State of Nevada, without regard to the conflict of laws provisions of such State.

(b) This Waiver shall inure to the benefit of and be binding upon each of the Parties and each of their respective successors and assigns.

(c) The headings in this Waiver are for reference only and do not affect the interpretation of this Waiver.

(d) This Waiver may be executed in counterparts, each of which is deemed an original, but all of which constitutes one and the same agreement. Delivery of an executed counterpart of this Waiver electronically or by facsimile shall be effective as delivery of an original executed counterpart of this Waiver.

(e) This Waiver constitutes the sole and entire agreement of the Parties with respect to the subject matter contained herein, and supersedes all prior and contemporaneous understandings, agreements, representations and warranties, both written and oral, with respect to such subject matter.

(Remainder of this page intentionally left blank; signatures begin on the next page.)

IN WITNESS WHEREOF, the Parties have executed this Waiver as of the date first written above.

Re: Consent and Acknowledgement

Ladies and Gentlemen:

Reference is made to that certain Amended and Restated Management Investor Rights Agreement, dated as of November 22, 2010, among Caesars Entertainment Corporation, a Delaware corporation, (the "Company"), Apollo Hamlet Holdings, LLC, a Delaware limited liability company ("Apollo Hamlet"), Apollo Hamlet Holdings B, LLC, a Delaware limited liability company ("Apollo Hamlet B", and together with Apollo Hamlet, "Apollo"), TPG Hamlet Holdings, LLC, a Delaware limited liability company ("TPG Hamlet"), TPG Hamlet Holdings B, LLC, a Delaware limited liability company ("TPG Hamlet B", and together with TPG Hamlet, "TPG") (TPG, together with Apollo, the "Sponsors"), Hamlet Holdings LLC, a Delaware limited liability company, and the stockholders party thereto (such agreement, as amended or modified from time to time, the "Agreement"). Any capitalized terms used and not defined herein have the meanings ascribed to them in the Agreement.

Pursuant to Section 7(t) of the Agreement, any additional Company Shares that are issued by the Company to the Management Stockholders, either directly or upon the exercise or exchange of securities of the Company that are exercisable or exchangeable for Company Shares, must become subject to the terms and provisions of the Agreement.

The Company and Sponsors hereby consent, acknowledge and agree that, notwithstanding Section 7(t) of the Agreement, any Company Shares issued to any Management Stockholder pursuant to the exercise, from and after the date hereof, of an award granted to such Management Stockholder under the Company's Management Equity Incentive Plan and/or 2012 Performance Incentive Plan shall not be subject to the terms and provisions of the Agreement (including, for the avoidance of doubt and without limitation, the restrictions on transfer set forth in Section 3 of the Agreement). For the further avoidance of doubt, any Company Shares held by the Management Stockholders (other than (i) Company Shares acquired as contemplated by the immediately preceding sentence and (ii) as expressly set forth in that certain Consent and Acknowledgement, dated February 6, 2012) shall be subject to the Agreement.

This letter agreement may be executed in any number of counterparts (including facsimile signatures and signatures sent in PDF format via electronic mail), each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. This letter agreement shall be binding on and inure to the benefit of the parties hereto and their respective successors and assigns. This letter agreement, the Consent and Acknowledgement dated February 6, 2012 and the Agreement set forth the entire understanding and agreement among the parties hereto as to the subject matter hereof and thereof.

This letter agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to the principles of conflict of laws thereof that would result in the application of the laws of any other jurisdiction. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO TRIAL BY JURY IN CONNECTION WITH ANY MATTER RELATED TO THIS LETTER AGREEMENT.

Supplemental Discussion of Caesars Entertainment Operating Company, Inc. Financial Information

In January 2008, Caesars Entertainment Corporation (“Caesars Entertainment” or “Caesars”) was acquired by affiliates of Apollo Global Management, LLC and TPG Capital, LP in an all-cash transaction (the “Acquisition”). A substantial portion of the financing of the Acquisition is comprised of bank and bond financing obtained by Caesars Entertainment Operating Company, Inc. (for purposes of this Exhibit, “CEOC”, the “Company,” “we,” “our,” or “us,” and including our subsidiaries when the context requires), a wholly-owned subsidiary of Caesars Entertainment. This financing is neither secured nor guaranteed by Caesars Entertainment's other wholly-owned subsidiaries, including certain subsidiaries that own properties that are secured under \$4,664.1 million face value of commercial mortgage-backed securities (“CMBS”) financing. Therefore, we believe it is meaningful to provide information pertaining solely to the consolidated financial position and results of operations of CEOC and its subsidiaries.

OPERATING RESULTS FOR CEOC

Overall CEOC Results

The following tables represent CEOC's Consolidated Condensed Balance Sheets as of March 31, 2013 and December 31, 2012 and its Consolidated Condensed Statements of Operations and Consolidated Condensed Statements of Cash Flows for the quarters ended March 31, 2013 and 2012.

On November 2, 2012, we sold the Harrah's St. Louis casino, in the fourth quarter 2012, we began discussions with interested investors regarding a sale of the subsidiaries that hold a land concession in Macau (the “Macau Subsidiaries”) and in the first quarter 2013 we permanently closed our Alea Leeds casino in England. As a result of the above activities, the assets and liabilities of the Macau Subsidiaries are classified as held for sale as of March 31, 2013 and December 31, 2012, and the results of operations and cash flows of Harrah's Maryland Heights, LLC, owner of the Harrah's St. Louis casino, the Macau Subsidiaries, and the Alea Leeds casino are classified as discontinued operations for the quarters ended March 31, 2013 and 2012.

REGIONAL AGGREGATION

The executive officers of the Company review operating results, assess performance, and make decisions related to the allocation of resources on a property-by-property basis. We believe, therefore, that each property is an operating segment and that it is appropriate to aggregate and present the operations of the Company as one reportable segment. To provide more meaningful information than would be possible on a consolidated basis, the Company's casino properties (as of March 31, 2013 or otherwise noted below), have been grouped into seven regions as shown in the table below to facilitate discussion of the Company's operating results.

Las Vegas	Atlantic City	Louisiana/Mississippi	Iowa/Missouri
Caesars Palace	Showboat Atlantic City	Harrah's New Orleans	Harrah's North Kansas City
Bally's Las Vegas	Bally's Atlantic City	Harrah's Louisiana Downs	Harrah's Council Bluffs
The Quad Resort & Casino	Caesars Atlantic City	Horseshoe Bossier City	Horseshoe Council Bluffs/Bluffs
Bill's Gamblin' Hall & Saloon ^(a)	Harrah's Philadelphia ^(b)	Grand Biloxi	Run
Planet Hollywood Resort & Casino		Harrah's Tunica	
		Horseshoe Tunica	
		Tunica Roadhouse Hotel & Casino	
Illinois/Indiana	Other Nevada	Managed and International	
Horseshoe Southern Indiana	Harrah's Reno	Harrah's Ak-Chin ^(d)	
Harrah's Joliet ^(c)	Harrah's Lake Tahoe	Harrah's Cherokee ^(d)	
Harrah's Metropolis	Harveys Lake Tahoe	Harrah's Rincon ^(d)	
Horseshoe Hammond		Horseshoe Cleveland ^(e)	
		Horseshoe Cincinnati ^(e)	
		Conrad Punta del Este ^(f)	
		Caesars Windsor ^(g)	
		London Clubs International ^(h)	

^(a) Bill's Gamblin' Hall & Saloon temporarily closed in early February 2013 to accommodate the renovations into a boutique lifestyle hotel that includes a dayclub/nightclub. The renovated hotel, casino, and restaurant are expected to re-open as the Gansevoort Las Vegas in early 2014 and the dayclub/nightclub is expected to open in the first half of 2014.

^(b) We have a 99.5% ownership interest in and manage this property.

^(c) We have an 80% ownership interest in and manage this property.

^(d) Managed.

^(e) We manage this property and have a 20% interest in Rock Ohio Caesars, LLC, which owns this property.

^(f) We have an approximately 95% ownership interest in and manage this property. In November 2012, we entered into a definitive agreement with Enjoy to sell 45% of Baluma S.A., our subsidiary that owns and operates Conrad. Upon consummation of the transaction we will have an approximate 52% ownership in this property and will no longer manage the property.

^(g) We operate this property and the province of Ontario owns the complex through the Ontario Lottery and Gaming Corporation.

^(h) We own, operate, or manage nine casino clubs in the provinces of the United Kingdom and two in Egypt. We have a 70% ownership interest in and manage one casino in South Africa.

Net revenues, income from operations, and loss from continuing operations, net of income taxes for all periods presented in the table above exclude the results of the Harrah's St. Louis casino which was sold in November 2012, the results of Alea Leeds casino which was closed in March 2013 and the results of the subsidiaries that hold the Company's land concession in Macau, all of which are presented as discontinued operations.

* Operating margin is calculated as income/(loss) from operations divided by net revenues.

** Not meaningful.

Quarter ended March 31, 2013 compared with March 31, 2012

Net revenues decreased \$58.1 million and casino revenues declined \$104.7 million in the first quarter 2013 compared to the very strong prior year quarter, as a result of declines in overall visitation to our properties, likely related to weakness in consumer sentiment, particularly among less affluent consumers.

Revenues dropped most significantly in the Atlantic City region due to continued competitive pressure in the region, weakness in the economic environment, and the slow recovery from Hurricane Sandy. In addition, revenues in Las Vegas were impacted by the continuing construction activity for Project Linq, including the ongoing renovation of The Quad Resort & Casino (the "Quad"), and the closure of Bill's Gamblin' Hall & Saloon ("Bill's") in February 2013 for renovation.

Revenues for the Company's Managed properties increased \$60.7 million from the prior year quarter, mainly due to new managed projects, including Horseshoe Cleveland, which opened in May 2012, Horseshoe Cincinnati, which opened in March 2013, and the management company for Caesars Windsor, which the Company is now consolidating due to the fact that it increased its ownership from 50% to 100%.

First quarter 2013 income from operations increased \$139.8 million compared to the first quarter 2012. The increase was primarily due to \$174.0 million of tangible asset impairment charges in the first quarter 2012, compared to a \$20.0 million intangible asset impairment charge in the first quarter 2013. Additionally, the first quarter 2012 benefited from a property tax refund of approximately \$10 million and the receipt of business interruption insurance proceeds of approximately \$7 million, both of which did not recur in 2013. Aside from these items affecting comparability, income from operations decreased due mainly to lower casino revenues, partially offset by decreases in variable property expenses associated with lower revenues, a \$13.2 million decrease in depreciation expense resulting from assets that became fully depreciated early in the current quarter, a \$12.2 million decrease in corporate expense due primarily to a reduction in stock-based compensation expense, and decreases in expenses resulting from our cost savings initiatives.

Net loss attributable to CEOC decreased \$118.1 million, or 35.9%, in the first quarter 2013 from 2012. The decrease was due mainly to the \$139.8 million increase in income from operations described above and a \$85.4 million increase in the benefit for income taxes. Partially offsetting the impact of the above factors was a \$15.0 million increase in interest expense, net of interest capitalized, a \$48.3 million unfavorable change in the (loss)/income from discontinued operations, net of income taxes, partially as a result of the sale of the Harrah's St. Louis casino, and a \$36.7 million loss on early extinguishments of debt recorded in the current quarter with no comparable amount in the prior year quarter, all of which are further described in "Other Factors Affecting Net Loss" that follow herein.

On a consolidated basis, first-quarter cash average daily room rates for 2013 remained flat from 2012 as lower rates caused by reduced business in Atlantic City and the change in the mix of group business in the Las Vegas region were offset by rate increases in the Louisiana/Mississippi and Other Nevada regions. Total occupancy percentage decreased 2.3 percentage points in the first quarter 2013 from 2012 due to declines in most of the U.S. regions but most significantly in Atlantic City.

REGIONAL OPERATING RESULTS

Las Vegas Region

(Dollars in millions)	Quarter Ended March 31,		Percent Favorable/ (Unfavorable)
	2013	2012	
Casino revenues	\$ 219.0	\$ 235.0	(6.8)%
Net revenues	413.4	421.3	(1.9)%
Income from operations	50.7	64.9	(21.9)%
Operating margin*	12.3%	15.4%	(3.1) pts

* Operating margin is calculated as income/(loss) from operations divided by net revenues.

Net revenues decreased \$7.9 million, or 1.9%, in the first quarter 2013 compared with the prior year quarter. Construction activities associated with Project Linq and activities associated with the renovations of the Quad and Bill's have unfavorably impacted the revenues in the region, as well as the comparison to a strong quarter in the prior year.

Casino revenues were down \$16.0 million, or 6.8% due to an overall reduction in visitation to the region's properties.

Food and Beverage revenues increased \$14.7 million, or 14.6%, due to the addition of several new restaurant offerings such as Bacchanal Buffet and Nobu at Caesars Palace and Gordon Ramsay-branded restaurants at Caesars Palace and Planet Hollywood.

Hotel revenues were down \$2.9 million, or 2.7%, as a result of a decrease in occupancy of 1.3 percentage points driven mainly by the impact of the renovations of the Quad and Bill's and the Project Linq construction activities. Cash average daily room rates increased from \$103 in 2012 to \$104 in 2013.

Overall, property operating expenses in the region increased as a result of increased variable costs associated with higher Food and Beverage revenues and an increase in write-downs, reserves, and project opening costs, net of recoveries as a result of additional remediation costs in 2013 when compared with 2012. Partially offsetting these increases was a decrease in depreciation expense as a result of assets becoming fully depreciated early in the current quarter.

During 2012, we secured \$185.0 million in financing to fund the complete renovation of Bill's into a boutique lifestyle hotel that includes a dayclub/nightclub. The renovation will include a complete remodeling of the guest rooms, casino floor, and common areas, the addition of a second floor restaurant, and the construction of an approximately 65,000 square foot rooftop pool and dayclub/nightclub. We will own the property and manage the casino, hotel, and food and beverage operations, and the dayclub/nightclub will be leased to a third party. Bill's temporarily closed in early February 2013 to accommodate these renovations. The renovated hotel, casino, and restaurant are expected to re-open as the Gansevoort Las Vegas in early 2014 and the dayclub/nightclub is expected to open in the first half of 2014. Through March 31, 2013, \$4.6 million had been spent on this project, of which \$1.6 million was spent in 2013.

During 2011, we commenced construction on Project Linq, a dining, entertainment, and retail development between the Flamingo casino and the Quad, on the east side of the Las Vegas Strip, which is scheduled to open in phases beginning in late 2013. Project Linq also includes the construction of a 550-foot observation wheel, the High Roller, which is expected to open in early 2014. Through March 31, 2013, \$312.4 million had been spent on this project, of which \$71.8 million was spent in 2013.

The Atlantic City region continues to be affected by a weak economic environment, and the very slow recovery from the effects of Hurricane Sandy, which made landfall in the fourth quarter 2012. This, combined with continued competitive pressure in the region, has caused a significant decline in visitation to the region's properties as compared to 2012. As a result, net revenues in the region declined \$50.4 million, or 15.9%, in the first quarter of 2013 from the year-earlier period.

However, property operating expenses in 2013 were also lower than in 2012 as a result of significant decreases in costs attributable to our cost savings initiatives and more efficient marketing spending. The first quarter 2012 income from operations also included approximately \$10 million for property tax refund benefits that did not recur in 2013.

We expect that the region will continue to be challenged as a result of the slow recovery from the hurricane and competitive pressures. In response, the Company will continue to focus on controlling costs to align the cost structure with lower revenue levels.

Casino revenues declined significantly during the first quarter 2013 as compared to the same quarter in 2012 due to the weakening in consumer sentiment, contributing to declines in visitation to the region's properties. Additionally, in the first quarter 2012, the region benefited from the receipt of business interruption insurance proceeds of \$7.0 million related to the mid-2011 floods with no similar amount received in the first quarter 2013. As a result, net revenues in the first quarter 2013 decreased \$24.5 million, or 8.1%, from 2012.

Property operating expenses in 2013 were lower than in 2012 as a result of decreases in variable costs associated with lower revenues and cost decreases attributable to our cost savings initiatives. In the first quarter 2012, we recorded \$167.5 million of non-cash tangible asset impairment charges and \$4.5 million of write-downs, reserves, and project opening costs, net of recoveries related to a halted development project in Biloxi, Mississippi, with no comparable charges in the first quarter 2013. Prior to consideration of these 2012 charges and business interruption insurance proceeds, income from operations in the first quarter 2013 was relatively flat compared with 2012.

Iowa/Missouri Region

The following results for all periods exclude the Harrah's St. Louis casino which was sold in November 2012 and has been classified as a discontinued operation in our Consolidated Condensed Statements of Operations for the quarter ended March 31, 2012 as a result of the sale of this property.

(Dollars in millions)	Quarter Ended March 31,		Percent Favorable/ (Unfavorable)
	2013	2012	
Casino revenues	\$ 103.5	\$ 111.0	(6.8)%

Income from operations	29.4	27.6	6.5 %
Operating margin*	26.6%	23.3%	3.3 pts

* Operating margin is calculated as income/(loss) from operations divided by net revenues.

We experienced lower visitation to the region's properties in the first quarter of 2013 as compared to the prior year period, likely attributable to weakness in consumer sentiment combined with favorable weather conditions in the prior year quarter. The decline in visitation was primarily concentrated in certain lower value guest segments. As a result, casino revenues declined \$7.5 million compared to 2012.

Property operating expenses in 2013 were lower than in 2012 as a result of significant decreases in costs attributable to our cost savings initiatives and more efficient marketing spending. These decreases more than offset the income impact of revenue declines resulting in an increase in income from operations.

The decline in visitation was primarily concentrated in certain lower value guest segments. As a result, casino revenues declined \$12.4 million compared to 2012.

Property operating expenses in 2013 were lower than in 2012 as a result of decreases in costs attributable to our cost savings initiatives and more efficient marketing spending. In addition, we recorded a non-cash intangible asset impairment charge related to gaming rights of \$20.0 million in the first quarter 2013, with no comparable charge in the first quarter 2012.

Other Nevada Region

(Dollars in millions)	Quarter Ended March 31,		Percent Favorable/ (Unfavorable)
	2013	2012	
Casino revenues	\$ 44.0	\$ 44.1	(0.2)%

* Operating margin is calculated as income/(loss) from operations divided by net revenues.

Net revenues in the region were slightly higher in the first quarter 2013 compared with 2012. Loss from operations decreased slightly due mainly to increases in property operating expenses, partially offset by the slight increase in net revenues. Also impacting income from operations is a decline in depreciation expense as a result of assets becoming fully depreciated.

Managed, International, and Other

The Managed region includes companies that operate three Indian-owned casinos, as well as Horseshoe Cleveland, Horseshoe Cincinnati (which opened in March 2013) and Caesars Windsor, and the results of Thistledown Racetrack ("Thistledown") through August 2012 when the racetrack was contributed to Rock Ohio Caesars, LLC, a joint venture in which we hold a 20% ownership interest. Subsequent to August 2012, the Managed region includes the results of the subsidiary that manages Thistledown upon video lottery terminal operations commencing in April 2013. The International region includes the results of our international operations. The Other region is primarily comprised of revenues for services provided by CEOC to other Caesars affiliates, corporate expenses, including administrative, marketing and development costs, and income from certain non-consolidated affiliates.

In the fourth quarter 2012, we began discussions with interested parties with respect to a sale of the subsidiaries that hold our land concession in Macau. As a result of this plan of disposal, those assets and liabilities have been classified as held for sale at March 31, 2013 and December 31, 2012 and their operating results have been classified as discontinued operations for all periods presented and are excluded from the table below.

On March 4, 2013, we closed the Alea Leeds casino in England and its operating results have been classified as discontinued operations for all periods presented and are excluded from the table below.

Managed

Revenues for our Managed properties increased \$60.7 million from the prior year quarter, primarily due to new managed projects including Horseshoe Cleveland, which opened in May 2012, Horseshoe Cincinnati, which opened in March 2013, and the management company for Caesars Windsor, the results of which have been consolidated into our financial statements since June 2012 when we increased our 50% ownership to 100%. A large portion of these revenues represent reimbursable payroll expenses that are presented on a gross revenue basis, resulting in an increase in revenues and an equally offsetting increase in operating expenses.

International

Visitation to the London Clubs properties declined from the first quarter 2012 due to competitive pressures which largely resulted in revenue declines of \$9.0 million for these casinos. The revenues at our property in Uruguay rose \$2.8 million for the first quarter 2013 compared with 2012. Property operating expenses in 2013 were lower than in 2012 as a result of decreases in variable costs associated with lower revenues from London Clubs and a decrease in costs attributable to our cost savings initiatives. As a result of the above, income from operations decreased \$0.1 million, or 0.5%.

Other

Revenues declined \$10.8 million, or 27.0% and loss from operations in the other region decreased \$13.3 million or 40.9%. We recorded \$6.5 million of tangible asset impairment charge recorded in the first quarter 2012 with no comparable charges in the first quarter of 2013. Additionally, property operating expenses declined and corporate expenses were down \$12.2 million primarily due to a decrease in stock-based compensation expense. These factors were partially offset by the decline in net revenues.

OTHER FACTORS AFFECTING NET LOSS

<u>Expense/(income)</u> <u>(Dollars in millions)</u>	<u>Quarter Ended March 31,</u>		<u>Percent Favorable/ (Unfavorable)</u>
	<u>2013</u>	<u>2012</u>

Loss/(income) from discontinued operations, net of income taxes	41.0	(7.3)	**

** Not meaningful.

Interest Expense, Net of Interest Capitalized

Interest expense, net of interest capitalized, increased by \$15.0 million in the first quarter 2013, due primarily to higher interest rates as a result of extending the maturities of our debt combined with higher debt balances compared with the year-ago quarter, partially offset by mark-to-market gains on derivatives in 2013 compared with losses in 2012. Interest expense for first quarter of 2013 included \$23.8 million of gains due to changes in fair value for derivatives not designated as hedging instruments compared to \$34.7 million of losses in the first quarter of 2012.

Loss on Early Extinguishments of Debt

During the first quarter of 2013, we recognized a loss on early extinguishments of debt of \$36.7 million, primarily related to extinguishments of debt under the Credit Facilities. There were no debt extinguishments during the first quarter of 2012.

Benefit for Income Taxes

The effective tax rate benefit for the first quarter of 2013 and 2012 was 61.7% and 35.3%, respectively. The effective rate benefit in the first quarter of 2013 was primarily impacted by a discrete tax benefit from a capital loss resulting from a tax election made for U.S. federal income tax purposes during the quarter but effective at the end of December 2012. In addition, the rate was favorably impacted by retroactive U.S. tax law changes which were enacted in January 2013.

Loss/(income) from Discontinued Operations, Net of Income Taxes

Loss from discontinued operations, net of income taxes in the first quarter 2013 was \$41.0 million and includes a \$21.0 million tangible asset impairment charge related to the land concession in Macau, and charges totaling \$21.5 million for exit activities and the write-down of tangible and intangible assets related to the March 4, 2013 closure of the Alea Leeds casino. Income from discontinued operations, net of income taxes in the first quarter 2012 was \$7.3 million and includes \$11.6 million of income from operations related to the Harrah's St. Louis casino which was sold on November 2, 2012.

LIQUIDITY AND CAPITAL RESOURCES

Cost Savings Initiatives

Caesars Entertainment has undertaken comprehensive cost-reduction efforts to rightsize expenses with business levels. In accordance with our shared services agreement with Caesars Entertainment, we estimate that cost-savings programs produced \$47.5 million in incremental cost savings for the first quarter of 2013 for CEOC compared with the same period in 2012. Additionally, as of March 31, 2013, we expect that these and additional new cost-savings programs will produce additional annual cost savings of \$110.9 million, based on the full implementation of current projects that are in process. As we realize savings or identify new cost-reduction activities, this amount will change.

Capital Spending and Development

We incur capital expenditures in the normal course of business, and we perform ongoing refurbishment and maintenance at our existing casino entertainment facilities, to maintain our quality standards. We also continue to pursue development and acquisition opportunities for additional casino entertainment and other hospitality facilities that meet our strategic and return on investment criteria. Cash used for capital expenditures in the normal course of business is typically made available from cash flows generated by our operating activities and established debt programs, while cash used for development projects, including projects currently under development as well as additional projects being pursued, is typically funded from established debt programs, specific project financing, and additional debt offerings. As a result of the sale of the Harrah's St. Louis casino, we have been using and will continue to use the net proceeds from the sale to fund capital expenditures. Proceeds not used for capital expenditures are required to be used to purchase term loans under the senior secured credit facilities (the "Credit Facilities").

Our planned development projects, if they proceed, will require, individually and in the aggregate, significant capital commitments and, if completed, may result in significant additional revenues. The commitment of capital, the timing of completion, and the commencement of operations of development projects are contingent upon, among other things, negotiation of final agreements and receipt of approvals from the appropriate political and regulatory bodies. We must also comply with covenants and restrictions set forth in our debt agreements.

Our capital spending for the quarter ended March 31, 2013 totaled \$134.3 million, net of an increase of \$3.2 million of related payables. Estimated total capital expenditures for 2013 for CEOC, including 2013 expenditures associated with Project Linq, the Bill's renovation, and other developments for which we expect to obtain financing, are expected to be between \$935 million and \$980 million which includes approximately \$300 million of 2013 project financing associated with Project Linq, the Bill's renovation, and other developments for which we expect to obtain financing. In Maryland, we have begun to pursue the project financing for Horseshoe Baltimore.

Liquidity and Capital Resources

Our cash and cash equivalents, excluding restricted cash, totaled \$1,847.7 million at March 31, 2013 compared with \$1,547.5 million at December 31, 2012. Restricted cash totaled \$271.1 million at March 31, 2013, consisting of cash reserved under loan agreements for development projects and certain expenditures incurred in the normal course of business, such as interest service, real estate taxes, property insurance, and capital improvements. Our operating cash inflows are typically used for operating expenses, debt service costs and working capital needs.

Our cash flows from operating, investing, and financing activities for the three months ended March 31, 2013 and 2012 associated with the Harrah's St. Louis casino, the Alea Leeds casino, and the subsidiaries that hold our land concession in Macau, which are defined as discontinued operations, are included in our Consolidated Condensed Statements of Cash Flows as cash flows from discontinued operations. We sold the Harrah's St. Louis casino on November 2, 2012, and the net proceeds generated from the sale are being used and will continue to be used to fund capital expenditures. Proceeds not used for capital expenditures are required to be used to purchase term loans under the Credit Facilities.

We are a highly leveraged company and a significant amount of our liquidity needs are for debt service. As of March 31, 2013, we had \$17,994.8 million book value of indebtedness outstanding, including capital lease indebtedness. Cash paid for interest for the quarter ended March 31, 2013 was \$334.9 million. Payments of short-term debt obligations and payments of other commitments are expected to be made from operating cash flows and from borrowings under our established debt programs. Long-term obligations are expected to be paid through refinancing of debt, or, if necessary, additional debt or equity offerings.

In addition to cash flows from operations, available sources of cash include amounts available under our current revolving credit facility. At March 31, 2013, our additional borrowing capacity under the credit facility was \$53.7 million. In April 2013, upon receipt of required regulatory approvals, we obtained an additional \$75.0 million of extended revolving facility commitments with a maturity of January 28, 2017. In recent years, we have not been generating sufficient operating cash flows to fund our investing activities, requiring us to fund our investments with additional financing. Our ability to fund our operations and pay our debt and debt service obligations depends, in part, upon economic and other factors that are beyond our control, and disruptions in capital markets and restrictive covenants related to our existing debt could impact our ability to secure additional funds through financing activities.

From time to time, depending upon market, pricing, and other conditions, as well as on our cash balances and liquidity, we may seek to acquire notes or other indebtedness of the Company through open market purchases, privately negotiated transactions, tender offers, redemption or otherwise, upon such terms and at such prices as we may determine (or as may be provided for in the indentures governing the notes), for cash or other consideration. In addition, we have considered and will continue to evaluate potential transactions to reduce net debt, such as debt for debt exchanges and other transactions. There can be no assurance as to which, if any, of these alternatives or combinations thereof we may choose to pursue in the future as the pursuit of any alternative will depend upon numerous factors such as market conditions, our financial performance, and the limitations applicable to such transactions under our financing documents.

Please refer to the Bond Offerings and Credit Facilities sections below, as well as the Capital Resources section that follows herein for details on our debt outstanding. This detail includes, among other things, a table presenting details on our individual borrowings outstanding as of March 31, 2013 and December 31, 2012, changes in our debt outstanding and certain changes in the terms of existing debt for the quarter ended March 31, 2013. The Capital Resources section that follows herein also discusses the use of derivatives to manage the mix of our debt between fixed and variable rate instruments. The Debt Covenant Compliance section below details restrictive covenants related to certain of our borrowings.

Caesars Growth Partners

Caesars Entertainment recently announced a transaction with respect to Caesars Growth Partners which will, assuming consummation of the transaction, result in a cash infusion into the Company as further described in Note 19, "Subsequent Events," of the Caesars Entertainment Quarterly Report on Form 10-Q for the period ended March 31, 2013.

Bond Offerings

In December 2012, we completed the offering of \$750.0 million aggregate principal amount of 9.0% senior secured notes due 2020. On February 20, 2013, when the proceeds were released from escrow, we used \$350.0 million of the proceeds to repay a portion of the existing term loans under the Credit Facilities at par.

In February 2013, we completed the offering of \$1,500.0 million aggregate principal amount of 9.0% senior secured notes due 2020. On March 27, 2013, when the proceeds were released from escrow, we used \$1,433.3 million of the proceeds to repay a portion of the existing term loans under the Credit Facilities at par.

As a result of these repayments, we recognized a loss on early extinguishment of debt of \$29.4 million.

Credit Facilities

In connection with the Acquisition, we entered into the Credit Facilities. This financing is neither secured nor guaranteed by Caesars Entertainment's other direct subsidiaries.

In January and February 2013, we converted \$133.9 million aggregate principal amount of original maturity revolver commitments held by consenting lenders to Term B-6 Loans and terminated \$133.9 million principal amount of revolving commitments of extending lenders.

In connection with the February 2013 notes offering described in the Bond Offerings section above, we received the requisite lenders' consent and entered into a bank amendment to our Credit Facilities to, among other things: (i) use the net cash proceeds of the February 2013 notes offering to repay a portion of our existing term loans as described in the Bond Offerings section above; (ii) obtain up to \$75.0 million of extended revolving facility commitments with a maturity of January 28, 2017, which received all required regulatory approvals in April 2013, (iii) increase the accordion capacity under the Credit Facilities by an additional \$650.0 million (which may be used to, among other things, establish extended revolving facility commitments under the Credit Facilities); (iv) modify the calculation of the senior secured leverage ratio for purposes of the maintenance test under the Credit Facilities to exclude the notes issued in February 2013; and (v) modify certain other provisions of the Credit Facilities.

As of March 31, 2013, our Credit Facilities provide for senior secured financing of up to \$4,560.9 million, consisting of (i) senior secured term loans in an aggregate principal amount of \$4,420.4 million, comprised of \$29.1 million maturing on January 28, 2015, \$967.5 million maturing on October 31, 2016, and \$3,423.8 million maturing on January 28, 2018, and (ii) a senior secured revolving credit facility in an aggregate principal amount of up to \$140.5 million, with \$109.4 million maturing January 28, 2014 and \$31.1 million maturing on January 28, 2017, including both a letter of credit sub-facility and a swingline loan sub-facility. The term loans under the Credit Facilities require scheduled quarterly payments of \$2.5 million, with the balance due at maturity. As of March 31, 2013, \$86.8 million of the revolving credit facility is committed to outstanding letters of credit. After consideration of the letter of credit commitments, \$53.7 million of additional borrowing capacity was available to us under our revolving credit facility as of March 31, 2013.

Debt Covenant Compliance

Certain of our borrowings have covenants and requirements that include, among other things, the maintenance of specific levels of financial ratios. Failure to comply with these covenants can result in limiting our long-term growth prospects by hindering our ability to incur future indebtedness or grow through acquisitions, or cause an event of default. Specifically, the Credit Facilities require us to maintain a senior secured leverage ratio of no more than 4.75 to 1.0, which is the ratio of senior first priority secured debt to last twelve months ("LTM") Adjusted EBITDA - Pro Forma - CEOC Restricted. After giving effect to the February 2013 bank amendment to the Credit Facilities discussed above, this ratio excludes \$3,700.0 million of first priority senior secured notes and up to \$350.0 million aggregate principal amount of consolidated debt of subsidiaries that are not wholly owned. For purposes of calculating the senior secured leverage ratio, the amount of senior first priority secured debt is reduced by the amount of unrestricted cash on hand. As of March 31, 2013, our senior secured leverage ratio was 3.82 to 1.0.

In addition, certain covenants contained in our senior secured credit facilities and indentures covering our first priority senior secured notes and second priority senior secured notes restrict our ability to take certain actions such as incurring additional debt or making acquisitions if we are unable to meet a fixed charge coverage ratio (LTM Adjusted EBITDA-Pro Forma - CEOC Restricted to fixed charges) of at least 2.0 to 1.0, a total first priority secured leverage ratio (first priority senior secured debt to LTM Adjusted EBITDA-Pro Forma - CEOC Restricted) of no more than 4.5 to 1.0, and/or a consolidated leverage ratio (consolidated total debt to LTM Adjusted EBITDA-Pro Forma - CEOC Restricted) of no more than 7.25 to 1.0. As of March 31, 2013, our total first priority secured leverage ratio and consolidated leverage ratio were 6.69 to 1.0 and 12.95 to 1.0, respectively. For the twelve months ended March 31, 2013, our LTM Adjusted EBITDA-Pro Forma - CEOC Restricted was insufficient to cover fixed charges by \$504.6 million. For purposes of calculating the fixed charge coverage ratio, fixed charges includes consolidated interest expense less interest income and any cash dividends paid on preferred stock (other than amounts eliminated in consolidation). For purposes of calculating the total first priority secured leverage ratio and the consolidated leverage ratio, the amounts of first priority senior secured debt and consolidated total debt, respectively, are reduced by the amount of unrestricted cash on hand. The covenants that provide for the fixed charge coverage ratio, total first priority secured leverage ratio, and consolidated leverage ratio described in this paragraph are not maintenance covenants.

We are in compliance with our Credit Facilities and indentures, including the senior secured leverage ratio, as of March 31, 2013. In order to comply with the quarterly senior secured leverage ratio in the future, we will need to achieve a certain amount of LTM Adjusted EBITDA - Pro-Forma - CEOC Restricted and/or reduced levels of total senior secured net debt (total senior secured debt less unrestricted cash). The factors that could impact the foregoing include (a) changes in gaming trips, spend per trip and hotel metrics, which we believe are correlated to a consumer recovery, (b) ability to effect cost savings initiatives, (c) asset sales, (d) issuing additional second lien or unsecured debt, or project financing, (e) equity financings, (f) delays in development project spending, or (g) a combination thereof. In addition, under certain circumstances, our Credit Facilities allow us to apply cash contributions we receive as an increase to LTM Adjusted EBITDA - Pro Forma - CEOC Restricted if we are unable to meet our senior secured leverage ratio. However, there is no guarantee that such contributions will be forthcoming.

Based upon our current operating forecast, we believe that we will continue to be in compliance with the senior secured leverage ratio and meet our cash flow needs during the foreseeable future, including the next twelve months. If we are unable to maintain compliance with the senior secured leverage ratio and if we fail to remedy a default pursuant to the terms of our Credit Facilities, there would be an "event of default" under the senior secured credit agreement. We cannot assure you that our business will generate sufficient cash flows from operations, that we will be successful in sales of assets, or that future borrowings will be available to us, to fund our liquidity needs and pay our indebtedness when due. If we are unable to meet our liquidity needs or pay our indebtedness when it is due, we may be required to further reduce expenses, sell additional assets, or attempt to restructure our debt. Any such actions could negatively impact our competitive position and revenue generation. In addition, we have pledged a significant portion of our assets as collateral under certain of our debt agreements and, if any of those lenders accelerate the repayment of borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness.

As of March 31, 2013 and December 31, 2012, book values are presented net of unamortized discounts of \$2,865.3 million and \$2,921.3 million, respectively.

Current Portion of Long-Term Debt

Our current maturities of long-term debt include required interim principal payments on certain term loans under the Credit Facilities, the special improvement district bonds and capitalized lease obligations. The current portion of long-term debt also includes \$125.2 million and \$0.6 million of 5.375% unsecured senior debt and 7.0% unsecured senior debt, respectively. Our current maturities exclude the PHW Las Vegas senior secured loan due in December 2013 based upon the assumed exercise of our option to extend the maturity to 2015.

The current portion of long-term debt at December 31, 2012 includes \$750.0 million of 9.0% notes issued in December 2012 pending satisfaction of certain escrow conditions. On February 20, 2013, the escrow conditions were satisfied and the debt obligation was re-classified to long-term.

Revolving Credit Facility with Caesars

Caesars Entertainment Corporation has a revolving credit facility in favor of CEOC pursuant to which Caesars Entertainment will make one or more unsecured loans to CEOC in a maximum principal amount not to exceed \$1.0 billion outstanding at any time. The entire outstanding amount, plus any accrued and unpaid interest, matures on November 14, 2017, and bears interest at a rate per annum equal to LIBOR, as defined in the CEOC Credit Agreement, plus 3.0%. Interest is payable quarterly in arrears or, at CEOC's election such interest may be added to the loan balance owed to Caesars Entertainment. There was \$485.4 million outstanding under the agreement at March 31, 2013.

Derivative Instruments

Derivative Instruments – Interest Rate Swap Agreements

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. As of March 31, 2013 we have entered into eight interest rate swap agreements for notional amounts totaling \$5,750.0 million. The difference to be paid or received under the terms of the interest rate swap agreements is accrued as interest rates change and recognized as an adjustment to interest expense for the related debt. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreements will have a corresponding effect on future cash flows.

The major terms of the interest rate swap agreements as of March 31, 2013 are as follows:

Effective Date	Notional Amount (In millions)	Fixed Rate Paid	Variable Rate Received as of March 31, 2013	Next Reset Date	Maturity Date
April 25, 2011	\$ 250.0	1.351%	0.204%	April 25, 2013	January 25, 2015

January 25, 2011	1,000.0	3.814%	0.204%	April 25, 2013	January 25, 2015

The variable rate on our interest rate swap agreements did not materially change as a result of the April 25, 2013 reset.

Derivative Instruments – Other

During the second quarter of 2012, we entered into a written put option (the "Option") for certain preferred equity interests. The potential future aggregate cash payments of \$17.5 million as of March 31, 2013 related to the Option may occur from time to time. Based on the structure of this security as a written put option, the obligation for these potential cash payments is not reflected in our Consolidated Condensed Balance Sheets. Additionally, the Option is recorded in our Consolidated Condensed Balance Sheets at its fair value, which was de minimis as of March 31, 2013.

The difference to be paid or received under the terms of the interest rate swap agreements is recognized as interest expense and is paid monthly. This cash settlement portion of the interest rate swap agreements increased interest expense for the quarter ended March 31, 2013 and 2012 by \$42.2 million and \$41.8 million, respectively.

At March 31, 2013, our variable-rate debt, excluding \$5,750.0 million of variable-rate debt hedged using interest rate swap agreements, represents 1% of our total debt, while our fixed-rate debt is 99% of our total debt.

GUARANTEES OF THIRD-PARTY DEBT AND OTHER OBLIGATIONS AND COMMITMENTS

Material changes to our aggregate indebtedness are described in the "Liquidity and Capital Resources" section of this Exhibit 99.1. At March 31, 2013, our estimated interest payments for the rest of the year ended December 31, 2013 are \$1,445.1 million, for the years ended December 31, 2014 through 2017 are \$1,916.5 million, \$1,719.7 million, \$1,575.5 million and \$1,304.8 million, respectively, and our estimated interest payments thereafter are \$1,421.2 million.

As of March 31, 2013, there have been no material changes outside of the ordinary course of business to our other known contractual obligations, which were disclosed in the Supplemental Discussion of Caesars Entertainment Operating Company, Inc. Financial Information filed as Exhibit 99.1 to our Annual Report on Form 10-K for the year ended December 31, 2012, as amended.

Supplemental Discussion of Caesars Entertainment's Commercial Mortgage-Backed Securities Related Properties Financial Information

The properties securing Caesars Entertainment's commercial mortgage-backed securities ("CMBS Properties") originally borrowed \$6,500.0 million of CMBS financing (the "CMBS Financing"). The CMBS Financing is secured by the assets of the CMBS Properties and certain aspects of the financing are guaranteed by Caesars Entertainment ("Caesars"). The CMBS properties are Harrah's Las Vegas, Rio, Flamingo Las Vegas, Harrah's Atlantic City, Paris Las Vegas, and Harrah's Laughlin.

In this discussion, the words "we" and "our" refer to the CMBS Properties. We are providing this financial information pursuant to the Second Amended and Restated Loan Agreement, dated as of August 31, 2010 (the "CMBS Loan Agreement"), related to the CMBS Financing.

Revenues for the first quarter 2013 were lower than the strong results the CMBS Properties achieved in the prior year quarter, with casino revenues down \$25.3 million, or 8.2%, and net revenues \$31.9 million, or 6.3%, lower than in the 2012 first quarter. Revenues dropped most significantly at Harrah's Atlantic City due to continued competitive pressure in the region, weakness in the economic environment, and the slow recovery from Hurricane Sandy. In addition, revenues in Las Vegas were impacted by the continuing construction activity for Project Linq. We estimate that the construction activities reduced first quarter 2013 revenues in Las Vegas by approximately \$8 million to \$11 million.

Revenue declines were mostly offset by decreases in property operating expenses due mainly to lower variable costs associated with the change in revenues and a decrease in costs as a result of our cost-savings initiatives. Depreciation expense declined due to assets becoming fully depreciated and corporate expense decreased due to a reduction in management fees paid to Caesars in accordance with the CMBS Loan Agreement. These decreases were partially offset by an increase in write-downs and reserves, net of recoveries resulting from additional remediation costs and other write-downs in 2013 when compared with 2012. Income from operations for the first quarter 2013 was negatively impacted by the construction activity for Project Linq which we estimate reduced income from operations by approximately \$4 million to \$6 million.

Gains on Early Extinguishments of Debt

There were no early extinguishments of debt during the quarter ended March 31, 2013. During the first quarter of 2012, we recognized a gain on early extinguishments of debt of \$45.8 million, net of deferred financing costs, due to the purchase of \$118.7 million face value of CMBS Loans for \$71.8 million.

Effective Tax Rate

The effective tax rate benefit on continuing operations for the first quarter 2013 was 50.0% compared with an effective tax rate provision of 36.0% for the first quarter 2012. The change in the quarterly effective tax rate is due to (i) decreased pre-tax earnings in 2013, (ii) U.S. tax law changes which were enacted in January 2013, and (iii) a decrease in accrued interest on uncertain tax positions as a result of the removal of certain positions in the fourth quarter 2012.

LIQUIDITY AND CAPITAL RESOURCES

Cost Savings Initiatives

Caesars Entertainment has undertaken comprehensive cost-reduction efforts to rightsize expenses with business levels. In accordance with our shared services agreement with Caesars Entertainment, we estimate that cost-savings programs produced \$18.9 million in incremental cost savings for the first quarter of 2013 for the CMBS Properties compared with the same period in 2012. Additionally, as of March 31, 2013, we expect that these and additional new cost-savings programs will produce additional annual cost savings of \$44.0 million, based on the full implementation of current projects that are in process. As Caesars realizes savings or identifies new cost-reduction activities, this amount will change.

Capital Spending and Development

We incur capital expenditures in the normal course of business, and we perform ongoing refurbishment and maintenance at our existing casino entertainment facilities, to maintain our quality standards. We also continue to pursue development and acquisition opportunities for additional casino entertainment and other hospitality facilities that meet our strategic and return on investment criteria. Cash used for capital expenditures in the normal course of business is typically made available from cash flows generated by our operating activities while cash used for development projects is typically funded from established debt programs, specific project financing, and additional debt offerings.

Future development projects could require, individually and in the aggregate, significant capital commitments and, if completed, may result in significant additional revenues. The commitment of capital, the timing of completion, and the commencement of operations of development projects would be contingent upon, among other things, negotiation of final agreements and receipt of approvals from the appropriate political and regulatory bodies. We must also comply with covenants and restrictions set forth in the CMBS Loan Agreement.

Our capital spending for the quarter ended March 31, 2013 totaled \$13.1 million, net of an increase of \$2.5 million of related payables. Estimated total capital expenditures for 2013 for the CMBS Properties are expected to be between \$70 million and \$100 million.

Liquidity

Our cash and cash equivalents, excluding restricted cash, totaled \$105.7 million at March 31, 2013 compared with \$126.7 million at December 31, 2012. Restricted cash, including \$35.6 million included in prepayments and other current assets, totaled \$92.8 million at March 31, 2013. Nearly all of the restricted cash consists of cash reserved under loan agreements for certain expenditures incurred in the normal course of business, such as interest service, real estate taxes, property insurance, and capital improvements.

Our operating cash inflows are typically used for operating expenses, debt service costs and working capital needs. From time to time, we distribute excess cash flow to Caesars Entertainment. The amount of excess cash flow that may be distributed is limited to 85% of excess cash flow with respect to such quarter, as defined in the CMBS Loan Agreement.

The CMBS Properties are highly leveraged, and a significant amount of our liquidity needs are for debt service. As of March 31, 2013, we had \$4,646.2 million book value of indebtedness outstanding, including capital lease indebtedness. Payments of short-term debt obligations and other commitments are expected to be made from operating cash flows. Long-term obligations are expected to be paid through refinancing of debt, or, if necessary, additional debt offerings.

From time to time, depending upon market, pricing, and other conditions, as well as on our cash balances and liquidity, we may seek to acquire our indebtedness through open market purchases, privately negotiated transactions, redemption or otherwise, upon such terms and at such prices as we may determine (or as may be provided for in our debt agreement), for cash or other consideration. In addition, we have considered and will continue to evaluate potential transactions to reduce net debt, such as debt for debt exchanges and other transactions. There can be no assurance as to which, if any, of these alternatives or combinations thereof we may choose to pursue in the future as the pursuit of any alternative will depend upon numerous factors such as market conditions, our financial performance, and the limitations applicable to such transactions under our financing documents.

Our ability to fund our operations, pay or refinance our debt obligations, and fund planned capital expenditures depends, in part, upon economic and other factors that are beyond our control, and disruptions in capital markets and restrictive covenants related to our existing debt could impact our ability to secure additional funds through financing activities. We believe that our cash and cash equivalents balance, our cash flows from operations, and the financing sources discussed herein will be sufficient to meet our normal operating requirements during the next 12 months and to fund capital expenditures.

Please refer to the "Capital Resources - CMBS Financing" and "Derivative Instruments" sections that follow herein for details on first quarter 2013 transactions related to our debt outstanding and related derivative.

We cannot assure you that our business will generate sufficient cash flows from operations, or that future borrowings will be available to us, to fund our liquidity needs and pay our indebtedness. If we are unable to meet our liquidity needs or pay our indebtedness when it is due, we may have to reduce or delay refurbishment and expansion projects, reduce expenses, sell assets, or attempt to restructure our debt. Any such actions could negatively impact our competitive position and revenue generation. In addition, we have pledged a significant portion of our assets as collateral under our CMBS Financing agreements, and, if any of our lenders accelerate the repayment of borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness.

Capital Resources - CMBS Financing

In February 2013, we paid an extension fee of \$23.3 million and exercised the option to extend the maturity of the CMBS Financing to 2014. The loan contains an additional extension option to extend its maturity from 2014 to 2015, subject to certain conditions.

Derivative Instruments

As part of the extension disclosed above, we entered into a new interest rate cap agreement. The interest rate cap agreement, which is effective from February 13, 2013 and terminates February 13, 2015, is for a notional amount of \$4,664.1 million at a LIBOR cap rate of 4.5%. Any future changes in fair value of the interest rate cap will be recognized in interest expense during the period in which the changes in value occur.

GUARANTEES OF THIRD-PARTY DEBT AND OTHER OBLIGATIONS AND COMMITMENTS

As of March 31, 2013, there have been no material changes outside of the ordinary course of business to our aggregate indebtedness and other known contractual obligations, which are set forth in the table included in the Supplemental Discussion of Caesars Entertainment's Commercial Mortgage-Backed Securities Related Properties Financial Information filed as Exhibit 99.2 to our Annual Report on Form 10-K for the year ended December 31, 2012, as amended.
