

**Caesars Entertainment Operating Company, Inc.
(Debtor-in-Possession)
Selected Financial Information
(Unaudited)**

December 2016

Furnished for Informational Purposes Only

DISCLAIMER

The selected financial information of Caesars Entertainment Operating Company, Inc. (“CEOC”), a subsidiary of Caesars Entertainment Corporation (“CEC”), included herein is limited in scope and has not been subjected to a quarterly review process by our independent registered public accounting firm and has not been subjected to testing that CEC or CEOC would apply in the preparation of financial information intended for inclusion in an Exchange Act filing. Upon the application of such procedures, CEC believes that the selected financial information may be subject to change, and these changes could be material. Among other things, the selected financial information does not include the notes to financial statements that would be included if this financial information was being provided in connection with an offering of securities or as part of an annual or quarterly report filed with the Securities and Exchange Commission. CEOC does not file reports with the Securities and Exchange Commission and the preparation of this selected financial information and the posting of this information to CEC’s website shall in no way be interpreted as an undertaking on the part of CEC or CEOC to otherwise comply with all of the rules and regulations that are applicable to a company subject to the reporting requirements of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Such information might not be indicative of CEOC’s financial condition or operating results for the period that would be reflected in an Exchange Act report.

There can be no assurance that the selected financial information presented herein is complete, and readers are strongly cautioned not to place reliance on this selected financial information, which was not prepared for the purpose of providing the basis for an investment decision relating to any of the securities of CEC or CEOC.

The selected financial information included herein has been derived from the books and records of CEOC and reflects all adjustments (consisting primarily of normal recurring adjustments) that management considers necessary for a fair presentation of financial position, results of operations, and cash flows, in accordance with generally accepted accounting principles in the United States (“GAAP”), except for certain adjustments that could arise from an ultimate determination related to:

- Matters disclosed in CEC’s SEC filings or in CEOC’s bankruptcy proceedings and various corporate-owned life insurance policies (the “COLIs”) that were purchased and contributed into either an escrow account or a Rabbi trust (the “Asset Vehicles”) in order to fund liabilities associated with certain deferred compensation plans. CEOC has made reasonable efforts to ascertain their rights and obligations related to the deferred compensation plans based on a diligent review of their books and records. On September 14, 2016, CEOC and CEC entered into a Settlement Agreement (as amended and restated on October 13, 2016, the “DC Settlement Agreement”), which was approved by the Bankruptcy Court on October 17, 2016. Among other things, the DC Settlement Agreement provides that from and after the effective date of the Plan: (a) CEC will assume any CEOC obligation to the participants in the deferred compensation plans and (b) CEOC will relinquish and release any claim or right it may have in respect to the COLIs or the asset vehicles. The inclusion or exclusion of any asset or liability related to the deferred compensation plans in the attached selected financial information does not constitute any admission, conclusion, or waiver in any respect. These amounts may change as a result of many factors, including but not limited to the DC Settlement being terminated pursuant to its terms. Such changes, if they occur, could eliminate or reduce the assets or liabilities recorded on CEOC’s balance sheet.

The selected financial information presented herein includes non-GAAP measures, which are presented on a basis consistent with how CEOC management reviews operating results, assesses performance, and makes decisions related to the allocations of resources on a property-by-property basis. Property EBITDA is a non-GAAP financial measure commonly used in CEOC’s industry and should not be construed as an alternative to net income/(loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Property EBITDA is defined as revenues less property operating expenses and is comprised of net income/(loss) before (i) interest expense, net of interest capitalized and interest income, (ii) (benefit)/provision for income taxes, (iii) depreciation and amortization, (iv) corporate expenses, and (v) certain items that CEOC does not consider indicative of its ongoing operating performance at an operating property level. In evaluating Property EBITDA, you should be aware that, in the future, CEOC may incur expenses that are the same or similar to some of the adjustments in this presentation. The presentation of Property EBITDA should not be construed as an inference that future results will be unaffected by unusual or unexpected items. Property EBITDA may not be comparable to

similarly titled measures reported by other companies within the industry. Property EBITDA is included because CEOC's management uses Property EBITDA to measure performance and allocate resources, and believes that Property EBITDA provides investors with additional information consistent with that used by CEOC's management.

Adjusted EBITDA is a non-GAAP measure presented as a supplemental measure of CEOC's performance. Adjusted EBITDA is defined as Property EBITDA further adjusted to exclude certain non-cash and other items required or permitted in calculating covenant compliance for CEOC's secured credit facilities. CEOC's management believes that Adjusted EBITDA provides investors with additional information and allows a better understanding of the results of operational activities separate from the financial impact of decisions made for the long-term benefit of CEOC. Because not all companies use identical calculations, the presentation of Adjusted EBITDA may not be comparable to other similarly titled measures of other companies.

The information herein may be different from the Supplemental Financial Information provided in connection with the CEC fourth quarter earnings results due to immaterial adjustments, rounding, and basis of presentation differences. CEC is not required to publicly update the selected financial information presented herein to reflect the occurrence of future events. The selected financial results contained herein are not necessarily indicative of results that may be expected from any other period or for the full year and may not necessarily reflect the consolidated results of operations and financial position of CEOC in the future. The future results of CEOC may differ significantly from those reflected in this selected financial information.

As a result of the Chapter 11 filings of CEOC and certain of its subsidiaries ("Debtors"), the payment of prepetition indebtedness is subject to compromise or other treatment under a plan of reorganization. The amounts currently classified as liabilities subject to compromise may be subject to future adjustments depending on Bankruptcy Court actions, payments pursuant to Bankruptcy Court order, further developments with respect to, among other things, the reconciliation and adjudication of claims, determinations of the secured status of certain claims, the value of any collateral securing such claims, rejection of executory contracts, or other events. Even though the plan of reorganization was approved by the Bankruptcy Court, the determination of how liabilities will ultimately be settled and treated cannot be made until CEOC's emergence from bankruptcy. Accordingly, the ultimate amount of such liabilities is not determinable at this time.

For the basis of presentation, "affiliates" represent investments made by CEOC that are accounted for using the cost or equity method in accordance with GAAP as well as Caesars enterprise wide entities that are not owned by CEOC. All intercompany accounts and transactions have been eliminated in consolidation.

CEC has not made and does not make any representation to any person regarding CEOC's future results. There can be no assurance that, from the perspective of an investor or potential investor in CEOC's securities that this selected financial information is complete. Likewise, no assurance can be given as to the value, if any, that may be ascribed to CEOC's various prepetition liabilities and other securities.
