"Caesars Palace has a long-standing history in sports from hosting iconic events like the first outdoor hockey game to legendary boxing matches," said Caesars Entertainment Regional President Gary Selesner. "Stadia, located at the busy Forum Shops entrance, is the embodiment of Caesars' commitment to sports. It offers a comfortable yet luxe environment for fans to catch the action or wager on their favorite team or championship fight, as well as a state-of-the-art, stylish lounge space to experience beyond the game."

The 120-seat bar and lounge will be a destination beyond game days, with its modern seating and craft cocktail menu. Stadia's cocktail menu will feature an array of unique curated selections and an impressive list of highly allocated supreme spirits. These sought-after brands are so rare, they are only available for purchase once a year, with the entire state receiving less than a case. Some of these include Kentucky Owl 10 Year Rye, Pappy Van Winkle 13 Year Rye, Elmer T. Lee 100 Year Tribute and more. Stadia will also carry signature blends of whiskey that are purchased by the barrel, providing guests a one-of-a-kind flavor profile that can only be tasted at Caesars Palace. Food items will also be available via mobile ordering.

Designed by the award-winning global architecture and design firm Rockwell Group, the all-new 2,186-square-foot sports hub will feature the excitement, drama and grandeur of being seated in a live sports arena. Guests can choose to rise above the frenzy and sit at the elevated bar or reserve one of the five VIP leather-wrapped domes, exclusively designed for Stadia Bar. Each dome creates the feeling of sitting within a vintage leather football helmet and gives guests an intimate viewing area with their own LED screen. The domes are lined with a metal mesh and artwork by San Francisco-based public artist and mural painter, Apexer. Guests will also notice sports-inspired design details such as net-like chandeliers, sconces that look like deconstructed baseballs and glove-like leather banquettes. Rockwell Group has previously designed several Caesars Palace venues such as the first Nobu Hotel, one of the largest Nobu restaurants in the world, OMNIA Nightclub and Montecristo Cigar Bar.

Replacing Slice Bar, Stadia will be located adjacent to the Forum Food Court and across from Vanderpump Cocktail Garden.

Stadia will implement Caesars Entertainment, Inc.'s ("Caesars") new health and safety protocols, which enhance its existing plans and practices in these areas. All Caesars properties are focused on the well-being of Team Members, guests and the community, and continue to work to create an environment with high standards of sanitization and physical distancing practices. Among the enhanced health and safety protocols include more frequent cleaning and sanitization. Caesars has also implemented a health screening program for all employees. Team Members and guests are required to wear masks, which the Company makes available, at all Caesars properties.
