CAESARS ENTERTAINMENT RESORT PROPERTIES, LLC
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
(UNAUDITED)

In these footnotes, the words “CERP,” “Company,” “we,” “us,” and “our” refer to Caesars Entertainment Resort Properties, LLC, and its consolidated subsidiaries unless otherwise stated or the context requires otherwise.

Note 1 — Organization and Basis of Presentation and Consolidation

Organization

Caesars Entertainment Resort Properties, LLC (“CERP”) is a single-member limited liability company, wholly owned by Caesars Entertainment Resort Properties Holdco, LLC, which is a wholly owned subsidiary of Caesars Entertainment Corporation (“CEC”). CERP was formed in August 2013 from the Casino Resort Properties (as defined below), plus the acquisition of The LINQ promenade and Octavius Tower at Caesars Palace Las Vegas (“Octavius Tower”) from Caesars Entertainment Operating Company, Inc. (“CEOC”). We also own six casinos: (1) Harrah’s Las Vegas, (2) Rio All-Suites Hotel and Casino, (3) Flamingo Las Vegas, (4) Harrah’s Atlantic City, (5) Paris Las Vegas, and (6) Harrah’s Laughlin (collectively, the “Casino Resort Properties”).

The LINQ is an open-air dining, entertainment, and retail promenade located between The LINQ Hotel & Casino (“The LINQ Hotel,” formerly The Quad Resort & Casino) and the Flamingo Las Vegas, on the east side of the Las Vegas Strip. It also features a 550-foot observation wheel, the High Roller, which opened at the end of first quarter 2014. We lease the gaming space in this corridor to The LINQ Hotel, which is a subsidiary of Caesars Growth Partners, LLC (“CGP LLC”), and lease other space to third-party lessees. We also lease Octavius Tower to CEOC (see Note 11, “Related Party Transactions”).

We view each property, including The LINQ promenade, as an operating segment and aggregate such properties into one reportable segment.

Basis of Presentation and Consolidation

CERP was formed in August 2013, in anticipation of the CERP Financing (as defined and described in Note 6, “Debt”), as an indirect, wholly owned subsidiary of CEC. In May 2014, subsequent to the closing of the CERP Financing and obtaining the required regulatory approvals, the Casino Resort Properties, together with Octavius/Linq Intermediate Holding, LLC (collectively, the “Caesars Entertainment Resort Properties”), were contributed by CEC to CERP (the “CERP, LLC Merger”). Because CERP and the Caesars Entertainment Resort Properties were commonly controlled by CEC for all periods subsequent to CERP’s formation in August 2013, the CERP, LLC Merger was accounted for as a merger of entities under common control. Accordingly, the accompanying financial statements of CERP and each of its subsidiaries (which are comprised solely of the Caesars Entertainment Resort Properties) for all dates and periods subsequent to CERP’s formation are presented on a consolidated basis as if the CERP, LLC Merger had occurred at the date of CERP’s formation in August 2013.

Our transactions with CEC, CEOC, and CGP LLC have been identified as transactions between related parties (See Note 11, “Related Party Transactions”).

The accompanying unaudited consolidated condensed financial statements of CERP have been prepared under the rules and regulations of the Securities and Exchange Commission (“SEC”) applicable for interim periods and, therefore, do not include all information and footnotes necessary for complete financial statements in conformity with accounting principles generally accepted in the United States (“GAAP”). GAAP requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting periods. Due to the inherent uncertainties in making these estimates, actual amounts could differ. The results for the interim periods reflect all adjustments (consisting primarily of normal recurring adjustments) that management considers necessary for a fair presentation of financial position, results of operations, and cash flows. The results of operations for our interim periods are not necessarily indicative of the results of operations that may be achieved for the entire 2015 fiscal year.

This document should be read in conjunction with our consolidated financial statements as of December 31, 2014 and 2013 and for the years ended December 31, 2014, 2013 and 2012 which were included in our Annual Report on Form 10-K for the year ended December 31, 2014.

Formation of Caesars Enterprise Services, LLC and Consolidation as a Variable Interest Entity

Caesars Enterprise Services, LLC (“CES”) is a services joint venture by and among CEOC, CERP, and Caesars Growth Properties Holdings, LLC (“CGPH” and, together with CERP and CEOC, the “Members” and each a “Member”) that manages certain enterprise assets and the other assets it owns, licenses or controls, and employs certain of the corresponding employees and other employees who previously provided services to CEOC, CERP and CGPH, their affiliates and their respective properties and systems

under each property's corresponding property management agreement. Corporate expenses that are not allocated to the properties directly are allocated by CES to CEOC, CERP, and CGPH according to their allocation percentages, subject to annual review. Operating expenses are allocated to each Member with respect to their respective properties serviced by CES in accordance with historical allocation methodologies, subject to annual revisions and certain prefunding requirements.

CES is a "pass-through" entity that serves on behalf of its Members at a cost-basis, and is contractually required to fully allocate its costs. CES is designed to have no net income; therefore, any such net income or loss is immaterial and will be subject to allocation in the subsequent period.

See further discussion in Note 11, "Related Party Transactions."

CES has been determined to be a variable interest entity ("VIE"), and we have concluded that we are the primary beneficiary of the VIE and are required to consolidate CES. We continually monitor this VIE to determine if any events have occurred that could cause the primary beneficiary to change.

Note 2 — Litigation

Over the course of several years, a former customer of the Rio All-Suites Hotel and Casino gambled with approximately \$10 million in cashier's checks. The customer later pleaded guilty to fraud in connection with a mortgage brokerage business. The mortgage brokerage business was placed in bankruptcy in California, where a bankruptcy trustee sought to recover the \$10 million from Rio Properties, LLC (the "Rio"). The claims were based on a fraudulent conveyance theory under the bankruptcy code. On March 29, 2010, the U.S. District Court Central District of California granted our motion to move the case from the bankruptcy court to the district court. On June 10, 2010, the district court granted our motion to transfer the case to the federal district court in Las Vegas. A trial was held in January and February 2014. The jury found for the Rio on 59 of the 66 alleged transfers and for the trustee on the remaining seven transfers. The total amount awarded to the trustee was \$1.48 million, which was accrued as of March 31, 2014. Both parties filed post-trial motions relating to whether the judgment should be reduced by a prior settlement with a separate defendant and whether the trustee was entitled to recover pre-judgment interest under California law. On May 8, 2014, the district court issued a ruling finding that the judgment should not be reduced by the prior settlement, that the trustee was entitled to recover prejudgment interest under California law at seven percent per annum, and that pre-judgment interest would accrue from the date the complaint was filed in 2008. Finally, the Court rejected the trustee's claim that he was entitled to recover all of his costs in bringing the action, holding that because the Rio prevailed as to the majority of the issues, the trustee could only recover 15 percent of his costs. Following these rulings, the parties entered into an agreement settling the litigation for a total payment of \$2.1 million. The matter has now concluded.

In connection with a Birthday Cash promotional offer by Harrah's Atlantic City, on March 19, 2010, the Superior Court of New Jersey entered a summary judgment in favor of a modified class of approximately 79,000 plaintiffs. The summary judgment found that Harrah's Atlantic City violated the New Jersey Truth in Consumer Contract, Warranty and Notice Act. The penalty is \$100 per incident, amounting to a potential exposure of up to \$7.9 million. In March 2012, the judge held that the damages class, if any, should be based upon the number of individuals who redeemed certificates, not the number of certificates redeemed (as some plaintiffs had multiple certificates). As a result, the potential exposure under the judge's ruling was decreased to \$5.2 million. After the case was stayed to wait for a pending case in the New Jersey Supreme Court, the court reopened the case in July 2013. The decision in the New Jersey Supreme Court case clarified two aspects of the New Jersey Truth in Consumer Contract, Warranty and Notice Act, which support our contention that the existing judgment against us should be vacated and the case dismissed in our favor. In November 2013, the court denied both parties' motions for reconsideration. In December 2013, we filed a motion to stay the judgment pending appeal, and in January, the court granted the stay and we filed an appeal. In February 2014, per the court's stay order, we posted into an escrow account the potential exposure under the judge's ruling in the amount of \$5.2 million plus attorneys' fees. No amount has been accrued at this time. The matter is now on appeal and has been fully briefed.

CEOC Noteholder Disputes

On August 4, 2014, Wilmington Savings Fund Society, FSB, solely in its capacity as successor Indenture Trustee for the 10.00% Second-Priority Senior Secured Notes due 2018 issued by CEOC (the "CEOC 10.00% Second-Priority Notes"), on behalf of itself and, it alleges, derivatively on behalf of CEOC, filed a lawsuit (the "Second Lien Lawsuit") in the Court of Chancery in the State of Delaware against CEC and CEOC, CGP LLC, Caesars Acquisition Company ("CAC"), CERP, CES, Eric Hession, Gary Loveman, Jeffrey D. Benjamin, David Bonderman, Kelvin L. Davis, Marc C. Rowan, David B. Sambur, and Eric Press. The lawsuit alleges claims for breach of contract, intentional and constructive fraudulent transfer, breach of fiduciary duty, aiding and abetting breach of fiduciary duty, and corporate waste. The lawsuit seeks (1) an award of money damages; (2) to void certain transfers, the earliest of which dates back to 2010; (3) an injunction directing the recipients of the assets in these transactions to return them to CEOC; (4) a declaration that CEC remains liable under the parent guarantee formerly applicable to the CEOC 10.00% Second-

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS (Continued)
(UNAUDITED)

Priority Notes; (5) to impose a constructive trust or equitable lien on the transferred assets; and (6) an award to plaintiffs for their attorneys' fees and costs. CEC believes this lawsuit is without merit and will defend itself vigorously. A motion to dismiss this action was filed by CEC and other defendants in September 2014, and the motion was argued in December 2014. During the pendency of its Chapter 11 bankruptcy proceedings, the action has been automatically stayed with respect to CEOC. Vice Chancellor Glasscock denied the motion to dismiss with respect to CEC on March 18, 2015. Subsequently, plaintiffs advised the judge presiding over the CEOC bankruptcy proceeding that they would pursue in this litigation only those claims alleging that CEC remains liable under the parent guarantee formerly applicable to the CEOC 10.00% Second-Priority Notes.

On November 25, 2014, UMB Bank, as successor indenture trustee for CEOC's 8.50% Senior Secured Notes due 2020 (the "CEOC 8.50% Senior Secured Notes"), filed a verified complaint in Delaware Chancery Court against CERP, CEC, CEOC, CAC, CGP LLC, CES, and against individual past and present CEC board members Loveman, Benjamin, Bonderman, Davis, Press, Rowan, Sambur, Hession, Colvin, Kleisner, Swann, Williams, Housenbold, Cohen, Stauber, and Winograd, alleging generally that defendants improperly stripped CEOC of certain assets, wrongfully affected a release of CEC's parent guarantee of the CEOC 8.50% Senior Secured Notes and committed other wrongs. Among other things, UMB Bank asked the court to appoint a receiver over CEOC. In addition, the suit pleads claims for fraudulent conveyances/transfers, insider preferences, illegal dividends, declaratory judgment (for breach of contract as regards to the parent guarantee and also as to certain covenants in the bond indenture), tortious interference with contract, breach of fiduciary duty, usurpation of corporate opportunities, and unjust enrichment, and seeks monetary, equitable and declaratory relief. The lawsuit has been automatically stayed with respect to CEOC during its Chapter 11 bankruptcy process. Pursuant to the RSA, the lawsuit also has been stayed in its entirety, with the consent of all of the parties to it. The consensual stay will expire upon the termination of the RSA.

The Company believes that the claims and demands described above against CERP are without merit and intends to defend itself vigorously. The claims against CEOC have been stayed due to the Chapter 11 process and, in some instances, the actions against CEC have been allowed to continue. At the present time, the Company believes that it is not probable that a material loss will result from the outcome of these matters. However, the noteholder disputes are in their very preliminary stages and discovery has only recently begun in some of them. We cannot provide assurance as to the outcome of any of the noteholder disputes or of the range of potential losses should any of the noteholder disputes ultimately be resolved against the defendants including CERP, due to the inherent uncertainty of litigation and the current stage of these litigations. Should these matters ultimately be resolved through litigation outside of the financial restructuring of CEOC, and should a court find in favor of the claimants in any of these noteholder disputes, such determination could have a material adverse effect on our business, financial condition, results of operations, and cash flows.

Other Matters

The Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any such litigation to have a material effect on our combined and consolidated financial position, results of operations, or cash flows, as we do not believe it is reasonably possible that we will incur material losses as a result of such litigation.

Note 3 — Recently Issued Accounting Pronouncements

In April 2015, the Financial Accounting Standards Board ("FASB") issued authoritative guidance amending the existing requirements for the presentation of debt issuance costs. The amendments to the guidance require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from that debt liability, consistent with the presentation of a debt discount. The balance of unamortized debt issuance costs was \$22 million as of March 31, 2015. This guidance is effective for annual reporting periods beginning after December 15, 2015, including interim periods within those reporting periods. Early adoption is permitted. We expect to adopt this standard in the second quarter of 2015.

The current portion of long-term debt as of March 31, 2015 is primarily related to required annual principal payments on our senior secured loan and interim principal payments on other unsecured borrowings and capitalized lease obligations.

Debt Discounts

As of March 31, 2015 and December 31, 2014, book values are presented net of unamortized discounts of \$56 million and \$58 million, respectively.

Fair Value

As of March 31, 2015 and December 31, 2014, the fair value of our debt was \$4,502 million and \$4,535 million, respectively. The fair value of the debt has been estimated based on the borrowing rates available as of March 31, 2015, for debt with similar terms and maturities. The fair value of our debt is primarily classified within level 2 in the fair value hierarchy.

CERP Financing

CERP Credit Facilities

As of March 31, 2015, our credit facilities provided for an aggregate principal amount of up to \$2,770 million, consisting of senior secured term loans in an aggregate principal amount of \$2,500 million (“CERP Term Loans”) and a senior secured revolving credit facility in an aggregate principal amount of up to \$270 million (collectively, the “Senior Secured Credit Facilities”). We refer to this refinancing transaction as the “CERP Financing.” The CERP Term Loans require scheduled quarterly payments of \$6 million, with the balance due at maturity.

CERP Notes

As of March 31, 2015, we had outstanding \$1,000 million aggregate principal amount of 8.0% first-priority senior secured notes due 2020 and \$1,150 million aggregate principal amount of 11.0% second-priority senior secured notes due 2021 (together with the 8.0% first-priority senior secured notes due 2020, the “CERP Notes”).

Registration Statement

In connection with the CERP Financing, we committed to register the CERP notes originally issued pursuant to Rule 144A of the Securities Act of 1933, as amended (the “Initial CERP Notes”) under a registration statement with the SEC by November 17, 2014. Accordingly, we filed an initial registration statement on Form S-4 (the “Registration Statement”) on October 16, 2014 and Amendments to such Registration Statement on November 25, 2014, December 24, 2014, and February 9, 2015. The Registration Statement was declared effective on February 10, 2015 (the “Effective Date”).

CAESARS ENTERTAINMENT RESORT PROPERTIES, LLC
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS (Continued)
(UNAUDITED)

Since the Effective Date was not within 180 days following the CERP, LLC Merger, the Company incurred additional interest on the Initial CERP Notes of 0.25% annually beginning November 17, 2014, which increased to 0.50% annually from February 17, 2015 until the consummation of the exchange offer on March 18, 2015. Upon the consummation of the exchange offer, the Initial CERP Notes that were exchanged were replaced with new notes (the "Exchange Notes" and, together with the Initial CERP Notes, the "CERP Notes"), whose terms are substantially identical to that of the Initial CERP Notes, except that the Exchange Notes have no transfer restrictions or registration rights. The CERP Notes are co-issued, as well as fully and unconditionally guaranteed, jointly and severally, by the Company and each of its wholly owned subsidiaries on a senior secured basis. In addition, CERP is a holding company that owns no operating assets and has no significant operations independent of its subsidiaries.

CERP Restrictive Covenants

The CERP Notes and CERP Term Loans include negative covenants, subject to certain exceptions, and contain customary events of default, subject to customary or agreed-upon exceptions, baskets and thresholds (including equity cure provisions in the case of the Senior Secured Credit Facilities).

The CERP Term Loans also contain certain customary affirmative covenants and require that we maintain a senior secured leverage ratio ("SSLR") of no more than 8.00 to 1.00, which is the ratio of first lien senior secured net debt to earnings before interest, taxes, depreciation and amortization, adjusted as defined ("CERP Adjusted EBITDA").

Note 7 — Casino Promotional Allowances

The retail value of accommodations, food and beverage, and other services furnished to guests without charge is included in gross revenues and then deducted as casino promotional allowances, with the cost of providing such allowances included in casino expenses as indicated in the following tables.

	<u>2015</u>	<u>2014</u>
Income tax benefit/(provision) applicable to:		
Income before income taxes	\$ (2)	\$ 24
Effective tax rate	40.0%	77.4%

We classify reserves for tax uncertainties within accrued expenses and deferred credits and other in our consolidated condensed balance sheets, separate from any related income tax payable or deferred income taxes. Reserve amounts relate to any potential income tax liabilities resulting from uncertain tax positions as well as potential interest or penalties associated with those liabilities.

The effective tax rate for the three months ended March 31, 2015 and 2014 was 40.0% and 77.4%, respectively. The effective tax rate expense in 2015 was unfavorably impacted primarily by state taxes and nondeductible expenses. The effective tax rate benefit for 2014 was favorably impacted primarily by a decrease in uncertain state tax positions.

We believe that it is reasonably possible that the total amount of unrecognized tax benefits at March 31, 2015 will not materially change within the next 12 months. Audit outcomes and the timing of audit settlements are subject to significant uncertainty. Although we believe that an adequate provision has been made for such issues, there is the possibility that the ultimate resolution of such issues could have an adverse effect on our earnings. Conversely, if these issues are resolved favorably in the future, the related provision would be reduced, thus having a favorable impact on earnings.

CERP is included in the CEC consolidated tax return filing. We have allocated taxes based upon the separate return method for CERP financial reporting purposes. Historically, we have treated taxes paid or refunds received by CEC for CERP as equity contributions or distributions. Although there is no formal tax sharing agreement in place between the CERP entities and CEC for federal income tax purposes, CERP may make payments to CEC or its subsidiaries for federal, state, or local taxes that would have been paid if CERP was a stand alone taxpayer.

Note 9 — Contractual Commitments and Contingent Liabilities

As of March 31, 2015, our estimated interest payments for the rest of the year ending December 31, 2015 are \$349 million, for the years ended December 31, 2016 through 2019 are \$394 million, \$405 million, \$410 million, and \$403 million, respectively, and \$489 million in total thereafter through maturity. See Note 6, "Debt."

During the three months ended March 31, 2015, we have entered into no material contractual commitments outside of the ordinary course of business.

Services Joint Venture

CES provides certain corporate management and administrative operations to the Members, and the cost of these services are allocated among the Members which include CEOC.

On January 15, 2015 (the “Petition Date”), CEOC, a majority-owned subsidiary of CEC, and certain of CEOC’s wholly owned subsidiaries voluntarily filed for reorganization (the “Bankruptcy Petitions”) under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Northern District of Illinois (the “Bankruptcy Court”). During the three months ended March 31, 2015, CERP, through CES, allocated \$89 million of expenses to CEOC. Amounts owed to the Company from CEOC have been paid in full, and, subsequent to the Petition Date, CEOC continues to make regularly scheduled payments to the Company for expense allocations.

CEOC Shared Services Agreement

Pursuant to a shared services agreement, CEOC had provided CERP (and provided their respective, prior managers) with certain corporate management and administrative operations, and the costs of these services were allocated among us and all of CEC’s operating subsidiaries. The 2013 amounts noted in the table above differ from those previously disclosed due to the inclusion of certain additional allocated costs that had been incorrectly omitted from the previous disclosure; also, certain of the 2013 amounts have been reclassified to conform to the 2014 presentation. In May 2014, the Members entered into a services joint venture, CES, and the Omnibus License and Enterprise Services Agreement (the “Omnibus Agreement”). See Note 1, “Organization and Basis of Presentation and Consolidation.”

Transactions with CEC

Employee Benefit Plans

CEC maintains a defined contribution savings and retirement plan in which employees of CERP may participate. The plan provides for, among other things, pre-tax and after-tax contributions by employees. Under the plan, participating employees may elect to contribute up to 50% of their eligible earnings (subject to certain IRS and plan limits).

CAESARS ENTERTAINMENT RESORT PROPERTIES, LLC
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS (Continued)
(UNAUDITED)

Equity Incentive Awards

CEC maintains an equity incentive awards plan under which CEC may issue time-based and performance-based stock options, restricted stock units and restricted stock awards to CERP employees. Although awards under the plan result in the issuance of shares of CEC, because CERP is a consolidated subsidiary of CEC, the amounts are included in CERP share-based compensation expense as a component of total compensation for CERP employees.

Transactions with Sponsors and their Affiliates

The members of Hamlet Holdings LLC (“Hamlet Holdings”) are comprised of individuals affiliated with Apollo Global Management, LLC (“Apollo”) and affiliates of TPG Capital LP (“TPG”) (collectively, the “Sponsors”). As of March 31, 2015, Hamlet Holdings beneficially owned the majority of CEC’s common stock.

CEC has a services agreement with the Sponsors relating to the provision of financial and strategic advisory services and consulting services. The Sponsors granted a waiver of the monitoring fees for management services; however, CEC reimburses the Sponsors for expenses they incur related to these management services. The reimbursed expenses allocated to CERP are included in corporate expense in the table above and totaled \$3 million and \$14 million for the three months ended March 31, 2015 and 2014.

We may engage in transactions with companies owned or controlled by affiliates of the Sponsors in the normal course of business. We believe such transactions are conducted at fair value and no material transactions occurred during the period presented. In addition, certain entities affiliated with or under the control of our Sponsors may from time to time transact in and hold our debt securities, and participate in any modifications of such instruments on terms available to any other holder of our debt.

Intellectual Property License Agreements

Each of the CERP properties and certain of their subsidiaries have entered into license agreements with Caesars License Company, LLC (“CLC”) pursuant to which we receive non-exclusive royalty-free licenses to use certain intellectual property, including trademarks and copyrights owned by CLC in connection with the operation of the CERP properties. These license agreements have a termination date of 2023, subject to annual renewal thereafter. The licenses contemplated by the Omnibus Agreement are subject to these licenses.

In addition, certain subsidiaries of the CERP properties have entered into license agreements with CLC and CEOC pursuant to which CLC and CEOC receive non-exclusive royalty-free licenses to use certain property-specific intellectual property owned by the CERP properties, including the right to use the “Rio,” “Flamingo,” and “Paris” trademarks. These license agreements continue until neither the applicable operating nor the management company manages the applicable property.

Lease Agreements

We lease Octavius Tower to CEOC for approximately \$35 million per year and gaming space in The LINQ promenade to The LINQ Hotel for approximately \$15 million per year pursuant to separate lease agreements that both expire April 2026.

World Series of Poker Agreements

Pursuant to an agreement with Caesars Interactive Entertainment, Inc. (“CIE”), the World Series of Poker’s annual main event is hosted at the Rio All-Suites Hotel and Casino. An agreement with CIE also grants Harrah’s Atlantic City the right to host a certain number of World Series of Poker circuit events for \$75,000 per event. Both agreements are in effect until September 1, 2016, unless earlier terminated pursuant to each agreement’s terms. Fees incurred under these agreements are recorded in casino expense in the consolidated condensed statements of operations.

Centralized Transactions

In addition, the Company participates with other CEC subsidiaries in marketing, purchasing, insurance, employee benefit and other programs that are defined, negotiated and managed on a company-wide basis. The Company believes that participating in these consolidated programs is beneficial in comparison to the cost and terms for similar programs that it could negotiate on a stand-alone basis.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of the financial position and operating results of Caesars Entertainment Resort Properties, LLC for the three months ended March 31, 2015 and 2014 should be read in conjunction with, and is qualified in its entirety by, the unaudited consolidated condensed financial statements and the notes thereto and other financial information included elsewhere in this Form 10-Q as well as Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") presented in CERP's Annual Report on Form 10-K for the fiscal year ended December 31, 2014 ("2014 10-K").

Note references are to the notes to consolidated condensed financial statements included in Item 1, "Unaudited Financial Statements."

In the discussion below, the words "CERP," "Company," "we," "us," and "our" refer to Caesars Entertainment Resort Properties, LLC and its consolidated subsidiaries, unless otherwise stated or the context requires otherwise.

The statements in this discussion regarding industry outlook, our expectations regarding our future performance, liquidity and capital resources, and other non-historical statements in this discussion are forward-looking statements. These forward-looking statements are subject to numerous risks and uncertainties. Our actual results may differ materially from those contained in or implied by any forward-looking statements.

Overview

CERP is a single-member limited liability company, wholly owned by Caesars Entertainment Resort Properties Holdco, LLC, which is a wholly owned subsidiary of Caesars Entertainment Corporation ("CEC"). We own six casinos: (1) Harrah's Las Vegas, (2) Rio All-Suites Hotel and Casino, (3) Flamingo Las Vegas, (4) Harrah's Atlantic City, (5) Paris Las Vegas, and (6) Harrah's Laughlin (collectively, the "Casino Resort Properties") as well as The LINQ promenade and Octavius Tower at Caesars Palace Las Vegas ("Octavius Tower").

The LINQ promenade is an open-air dining, entertainment, and retail promenade located between The LINQ Hotel & Casino ("The LINQ Hotel") and the Flamingo Las Vegas, on the east side of the Las Vegas Strip. It also features a 550-foot observation wheel, the High Roller, which opened at the end of first quarter 2014. We lease the gaming space in this corridor to The LINQ Hotel, which is a subsidiary of Caesars Growth Partners, LLC ("CGP LLC"), and lease other space to third-party lessees. We also lease Octavius Tower to Caesars Entertainment Operating Company, Inc. ("CEOC").

CERP was formed in August 2013 as an indirect, wholly-owned subsidiary of CEC. In May 2014, the Casino Resort Properties, together with Octavius/Linq Intermediate Holding, LLC (collectively, the "Caesars Entertainment Resort Properties"), were contributed by CEC to CERP (the "CERP, LLC Merger"). Because CERP and the Caesars Entertainment Resort Properties were commonly controlled by CEC for all periods subsequent to CERP's formation in August 2013, the CERP, LLC Merger was accounted for as a merger of entities under common control. Accordingly, the accompanying financial statements of CERP and each of its subsidiaries (which are comprised solely of the Caesars Entertainment Resort Properties) for all dates and periods subsequent to CERP's formation are presented on a consolidated basis as if the CERP, LLC Merger had occurred at the date of CERP's formation in August 2013.

Key Performance Metrics

Our revenues and operating performance are dependent upon the volume of customers at our resorts, which affects the price we can charge for our hotel rooms and other amenities, and directly impacts our gaming volumes. We use the following key performance indicators to evaluate gaming and hotel revenue for our properties.

Gaming revenue indicators

- *Slot volume* - the total amount wagered on slot machines
- *Table drop (also referred to as table volume)* - the amount of cash and net markers deposited in the table drop box
- *Gaming hold* - the amount of money that is retained by the casino from wagers by customers

Hotel revenue indicators

- *Occupancy rate* - a volume indicator determined by rooms occupied and rooms available
- *Hotel average daily rate ("ADR")* - a price indicator determined by room revenue and rooms occupied

Net revenues increased \$36 million, or 7.3%, in the first quarter of 2015 compared with the prior year quarter. The increase was primarily due to a \$16 million increase in casino revenue, mainly driven by favorable hold in Las Vegas and an increase in other revenues of \$11 million. Other revenues increased primarily due to the opening of The LINQ promenade and the High Roller, which opened at the end of the first quarter of 2014, and the resulting third-party and entertainment revenues. In addition, rooms revenue increased \$4 million due to the increase in ADR to \$112 in 2015 from \$104 in the prior year quarter, which more than offset the slight decline in occupancy rates.

Income from operations increased \$46 million, or 76.7%, in the first quarter of 2015 compared with the prior year quarter. The increase is primarily due to the increase in net revenues described above combined with a \$10 million decrease in casino operating expenses resulting primarily from a reduction in marketing costs.

Other Factors Affecting Net Income

<u>(Dollars in millions)</u>	Three Months Ended March		Percent Favorable/ (Unfavorable)
	31,		
	2015	2014	
Interest expense	\$ 101	\$ 91	(11)%
Income tax benefit/(provision)	(2)	24	*

* Not meaningful.

Interest Expense

Interest expense increased \$10 million, or 11.0%, in the first quarter of 2015 compared with the prior year quarter primarily due to a reduction in the amount of interest capitalized due to the completion of The LINQ promenade in 2014, increased utilization of the revolving credit facility, and the additional interest incurred on the CERP notes prior to the consummation of the exchange offer.

Income Taxes

The effective tax rate for the three months ended March 31, 2015 and 2014 was 40.0% and 77.4%, respectively. The effective tax rate expense in 2015 was unfavorably impacted primarily by state taxes and nondeductible expenses. The effective tax rate benefit for 2014 was favorably impacted primarily by a decrease in uncertain state tax positions.

Liquidity and Capital Resources

Liquidity Discussion and Analysis

As of March 31, 2015, our cash and cash equivalents totaled \$302 million as of March 31, 2015, including \$90 million attributable to CES. CES is a variable interest entity that is consolidated by CERP. CEOC, CGPH and CERP, together, control CES through the CES steering committee, which is comprised of one representative from each of CEOC, CGPH and CERP. Therefore, all decisions regarding the liquidity and capital resources of CES are made by the CES steering committee. Our operating cash inflows are typically used for operating expenses, debt service costs and working capital needs.

We are highly leveraged and a significant amount of our liquidity needs are for debt service. As of March 31, 2015, we had \$4,787 million face value of indebtedness outstanding including capital lease indebtedness. See Note 6, "Debt" for additional information relating to our indebtedness and related restrictive covenants. Cash paid for interest for the three months ended March 31, 2015 was \$48 million.

Our estimated annual debt and interest payments are as follows:

<u>(In millions)</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>	<u>Thereafter</u>	<u>Total</u>
Long-term debt, face value	\$ 29	\$ 36	\$ 26	\$ 170	\$ 25	\$ 4,501	\$ 4,787
Estimated interest payments	349	394	405	410	403	489	2,450
	<u>\$ 378</u>	<u>\$ 430</u>	<u>\$ 431</u>	<u>\$ 580</u>	<u>\$ 428</u>	<u>\$ 4,990</u>	<u>\$ 7,237</u>

Our ability to fund our operations, pay our debt obligations, and fund planned capital expenditures depends, in part, upon economic and other factors that are beyond our control, and disruptions in capital markets and restrictive covenants related to our existing debt could impact our ability to secure additional funds through financing activities. We believe that our cash and cash equivalents balance, our cash flows from operations, and/or financing available under our revolving credit facility will be sufficient to meet our normal operating requirements, to fund planned capital expenditures, and to fund debt service during the next 12 months and the foreseeable future.

We cannot assure you that our business will generate sufficient cash flows from operations, or that future borrowings will be available to us, to fund our liquidity needs and pay our indebtedness. If we are unable to meet our liquidity needs or pay our indebtedness when it is due, we may have to reduce or delay refurbishment and expansion projects, reduce expenses, sell assets, or attempt to restructure our debt. Any such actions could negatively impact our competitive position and revenue generation.

Capital Spending and Development

We incur capital expenditures in the normal course of business and we perform ongoing refurbishment and maintenance at our existing casino entertainment facilities to maintain our quality standards. We also continue to pursue development and acquisition opportunities for additional casino entertainment and other hospitality facilities that meet our strategic and return on investment criteria. Cash used for capital expenditures in the normal course of business is typically made available from cash flows generated by our operating activities, while cash used for development projects is typically funded from established debt programs, specific project financing, and additional debt offerings.

For the three months ended March 31, 2015, our capital spending totaled \$34 million, net of a decrease in related payables of \$10 million.

Projected Capital Expenditures for 2015

<u>(In millions)</u>	<u>Low</u>	<u>High</u>
CERP	\$ 130	\$ 200
CES	30	50
Total	<u>\$ 160</u>	<u>\$ 250</u>

Approximately 73% of the projected capital expenditures for CES are expected to be funded by CGPH and CEOC.

Related-Party Transactions

We participate with CEOC and other CEC subsidiaries in marketing, purchasing, insurance, employee benefit, and other programs that are defined, negotiated and managed by CES. The Company believes that participating in these consolidated programs is beneficial in comparison to the cost and terms for similar programs that it could negotiate on a stand-alone basis. For a more complete description of the nature and extent of these transactions, see Note 11, "Related Party Transactions."

Other Obligations and Commitments

As of March 31, 2015, there have been no other material changes outside of the ordinary course of business to our other known contractual obligations, which are set forth in the table included in Item 7 in our 2014 10-K.

Reconciliation of Non-GAAP Financial Measures

Property EBITDA is presented as a supplemental measure of the Company's performance. Property EBITDA is defined as revenues less property operating expenses and is comprised of net income before (i) interest expense, net of interest capitalized and interest income, (ii) provision for income taxes, (iii) depreciation and amortization, (iv) corporate expenses, and (v) certain items that we do not consider indicative of our ongoing operating performance at an operating property level. In evaluating Property EBITDA you should be aware that, in the future, we may incur expenses that are the same or similar to some of the adjustments in this presentation. The presentation of Property EBITDA should not be construed as an inference that future results will be unaffected by unusual or unexpected items.

Property EBITDA is a non-GAAP financial measure commonly used in our industry and should not be construed as an alternative to net income as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Property EBITDA may not be comparable to similarly titled measures reported by other companies within the industry. Property EBITDA is included because management uses Property EBITDA to measure performance and allocate resources, and believes that Property EBITDA provides investors with additional information consistent with that used by management.

Reconciliation of Net Income/(Loss) to Property EBITDA

CAUTIONARY STATEMENT PURSUANT TO THE PRIVATE

SECURITIES LITIGATION REFORM ACT OF 1995

This Quarterly Report on Form 10-Q contains or may contain “forward- looking statements” intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they do not relate strictly to historical or current facts. We have based these forward-looking statements on our current expectations about future events.

Further, statements that include words such as “may,” “will,” “project,” “might,” “expect,” “believe,” “anticipate,” “intend,” “could,” “would,” “estimate,” “continue,” or “pursue,” or the negative of these words or other words or expressions of similar meaning may identify forward-looking statements. These forward-looking statements are found at various places throughout this report. These forward-looking statements, including, without limitation, those relating to future actions, new projects, strategies, future performance, the outcome of contingencies such as legal proceedings, and future financial results, wherever they occur in this report, are necessarily estimates reflecting the best judgment of our management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward- looking statements. These forward-looking statements should, therefore, be considered in light of various important factors set forth above and from time to time in our filings with the Securities and Exchange Commission.

In addition to the risk factors set forth above, important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include without limitation:

- the impact of our substantial indebtedness and the restrictions in our debt agreements;
- our dependence on CES and its management for services pursuant to the Omnibus Agreement, access to intellectual property rights, the Total Rewards loyalty program, its customer database and other services, rights and information, and our dependence on Caesars Entertainment’s management;
- our ability to use Caesars Entertainment’s customer-tracking, customer loyalty and yield-management programs to continue to increase customer loyalty and same-store or hotel sales;
- the effects of CEOC’s bankruptcy filing on us and Caesars Entertainment, and the interest of various creditors and other constituents;
- the impact of a bankruptcy by other third parties that we depend on;
- the effects of competition, including locations of competitors, growth of online gaming, competition for new licenses and operating and market competition;
- reductions in consumer discretionary spending due to economic downturns or other factors;
- continued growth in consumer demand for non-gaming replacing demand for gambling;
- our ability to renew our agreement to host the World Series of Poker’s Main Event;
- our ability to retain our resident performers on acceptable terms;
- uncertainty in the completion of projects neighboring our properties that are expected to be beneficial to our properties;
- our ability to realize any or all of our projected cost savings;
- changes in the extensive governmental regulations to which we are subject, and changes in laws, including increased tax rates, smoking bans, gaming regulations or accounting standards, third-party relations and approvals, and decisions, disciplines and fines of courts, regulators and governmental bodies;
- any impairments to goodwill, indefinite-lived intangible assets, or long- lived assets that we may incur;
- acts of war or terrorist incidents, severe weather conditions, uprisings or natural disasters, including losses therefrom, including losses in revenues and damage to property, and the impact of severe weather conditions on our ability to attract customers to certain of our facilities, such as the amount of losses and disruption to our business as a result of Hurricane Sandy in late October 2012;
- fluctuations in energy prices;

- work stoppages and other labor problems;
- the impact, if any, of unfunded pension benefits under multi-employer pension plans;
- our ability to recover on credit extended to our customers;
- the potential difficulties in employee retention and recruitment as a result of our substantial indebtedness, the ongoing downturn in the gaming industry, the restructuring of CEOC or any other factor;
- differences in our interests and those of our Sponsors;
- damage caused to our brands due to the unauthorized use of our brand names by third parties;
- the failure of Caesars Entertainment to protect the trademarks that are licensed to us;
- litigation outcomes, including, but not limited to, the proceedings described under “Bondholder Disputes” in Item 3, “Legal Proceedings,” and judicial and governmental body actions, including gaming legislative action, referenda, regulatory disciplinary actions, and fines and taxation;
- our ability to access additional capital on acceptable terms or at all;
- abnormal gaming holds (“gaming hold” is the amount of money that is retained by the casino from wagers by customers);
- our exposure to environmental liability, including as a result of unknown environmental contamination;
- our ability to recoup costs of capital investments through higher revenues;
- access to insurance on reasonable terms for our assets;
- the effects of compromises to our information systems or unauthorized access to confidential information or our customers’ personal information;
- the effects of deterioration in the success of third parties adjacent to our business; and
- the other factors set forth under “Risk Factors” above and in our Annual Report on Form 10-K for the year ended December 31, 2014.

You are cautioned to not place undue reliance on these forward-looking statements, which speak only as of the date of this report. We undertake no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this report or to reflect the occurrence of unanticipated events, except as required by law.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes to our market risk in 2015. For information on our exposure to market risk, refer to Part II, Item 7A, “Quantitative and Qualitative Disclosures about Market Risk,” contained in our Annual Report on Form 10-K for the year ended December 31, 2014.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures designed to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), is recorded, processed, summarized and reported within the specified time period. Management, with the participation of the Company’s Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”), has evaluated the effectiveness of the Company’s disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of March 31, 2015. Based on that evaluation and considering the material weaknesses in internal control over financial reporting reported in Part II, Item 9A of the Annual Report on Form 10-K for the year ended December 31, 2014, the Company’s CEO and CFO concluded that the Company’s disclosure controls and procedures were not effective as of March 31, 2015.

In light of the material weaknesses as of March 31, 2015, prior to the filing of this Form 10-Q for the period ended March 31, 2015, management determined that key quarterly controls were performed timely and also performed additional procedures,

including validating the completeness and accuracy of the underlying data used to support the amounts reported in the quarterly financial statements. These control activities and additional procedures have allowed us to conclude that, notwithstanding the material weaknesses, the consolidated financial statements in this Form 10-Q fairly present, in all material respects, our financial position, results of operations, and cash flows for the periods presented in conformity with U.S. GAAP.

Changes in Internal Control Over Financial Reporting

Except as discussed below, there were no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) identified in connection with management's evaluation during our third quarter of fiscal 2015 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Previously Identified Material Weaknesses

As reported in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, management identified the following material weaknesses in internal control over financial reporting related to its risk assessment process for non-gaming activities which did not adequately assess risk at an appropriate level of detail to allow for (i) the design of controls with the appropriate precision and responsiveness to address those risks, (ii) the design of controls to validate the completeness and accuracy of underlying data used in the performance of controls over the determination of significant estimates, accounting transactions and disclosures, (iii) the timely and effective implementation of controls, including evidence of operating effectiveness, and (iv) effective monitoring of the controls.

We are engaged in various stages of remedial actions to address the material weaknesses described above. We are using both internal and external resources to assist in the following actions:

- Reviewing the accounting and financial assurance organizations to ensure an appropriate organization and skills to sustain the remedial actions. This includes performing training to enhance knowledge and skills of the finance team and hiring of additional skilled resources, as appropriate.
- Enhancing the Company's SOX monitoring program including an enhanced documented risk assessment process to identify the appropriate in scope balances and related controls, computer systems, and applications.
- Performing a comprehensive review of the Company's accounting processes including controls to ensure the processes and controls are adequately designed, clearly documented and appropriately communicated to enhance control ownership throughout the finance organization.
- Evaluating and designing of controls to address the completeness and accuracy of data used to support key estimations, accounting transactions and disclosures, primarily associated with spreadsheets and other key reports.
- Implementing new systems and tools to automate manual processes, to document and monitor adherence to standardized processes and controls.
- Reviewing and updating accounting policies to ensure they address the Company's current environment.

The Company believes the remedial actions described above have strengthened the Company's internal control over financial reporting and will remediate the material weaknesses identified. However, as of March 31, 2015, these remediation measures are ongoing and had not been in operation long enough to measure their operating effectiveness in order to conclude that the identified material weaknesses were fully remediated. The Company will continue to monitor the effectiveness of these remediation activities and expects to make further changes to improve its internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings

Over the course of several years, a former customer of the Rio All-Suites Hotel and Casino gambled with approximately \$10 million in cashier's checks. The customer later pleaded guilty to fraud in connection with a mortgage brokerage business. The mortgage brokerage business was placed in bankruptcy in California, where a bankruptcy trustee sought to recover the \$10 million from Rio Properties, LLC (the "Rio"). The claims were based on a fraudulent conveyance theory under the bankruptcy code. On March 29, 2010, the U.S. District Court Central District of California granted our motion to move the case from the bankruptcy court to the district court. On June 10, 2010, the district court granted our motion to transfer the case to the federal district court in Las Vegas. A trial was held in January and February 2014. The jury found for the Rio on 59 of the 66 alleged transfers and for the trustee on the remaining seven transfers. The total amount awarded to the trustee was \$1.48 million, which was accrued as of March 31, 2014. Both parties filed post-trial motions relating to whether the judgment should be reduced by a prior settlement with a separate defendant and whether the trustee was entitled to recover pre-judgment interest under California law. On May 8, 2014, the district court issued a ruling finding that the judgment should not be reduced by the prior settlement, that the trustee was entitled to recover pre-judgment interest under California law at seven percent per annum, and that pre-judgment interest would accrue from the date the complaint was filed in 2008. Finally, the Court rejected the trustee's claim that he was entitled to recover all of his costs in bringing the action, holding that because the Rio prevailed as to the majority of the issues, the trustee could only recover 15 percent of his costs. Following these rulings, the parties entered into an agreement settling the litigation for a total payment of \$2.1 million. The matter has now concluded.

In connection with a Birthday Cash promotional offer by Harrah's Atlantic City, on March 19, 2010, the Superior Court of New Jersey entered a summary judgment in favor of a modified class of approximately 79,000 plaintiffs. The summary judgment found that Harrah's Atlantic City violated the New Jersey Truth in Consumer Contract, Warranty and Notice Act. The penalty is \$100 per incident, amounting to a potential exposure of up to \$7.9 million. In March 2012, the judge held that the damages class, if any, should be based upon the number of individuals who redeemed certificates, not the number of certificates redeemed (as some plaintiffs had multiple certificates). As a result, the potential exposure under the judge's ruling was decreased to \$5.2 million. After the case was stayed to wait for a pending case in the New Jersey Supreme Court, the court reopened the case in July 2013. The decision in the New Jersey Supreme Court case clarified two aspects of the New Jersey Truth in Consumer Contract, Warranty and Notice Act, which support our contention that the existing judgment against us should be vacated and the case dismissed in our favor. In November 2013, the court denied both parties' motions for reconsideration. In December 2013, we filed a motion to stay the judgment pending appeal, and in January, the court granted the stay and we filed an appeal. In February 2014, per the court's stay order, we posted into an escrow account the potential exposure under the judge's ruling in the amount of \$5.2 million plus attorneys' fees. No amount has been accrued at this time. The matter is now on appeal and has been fully briefed.

CEOC Noteholder Disputes

On August 4, 2014, Wilmington Savings Fund Society, FSB, solely in its capacity as successor Indenture Trustee for the 10.00% Second-Priority Senior Secured Notes due 2018 issued by CEOC (the "CEOC 10.00% Second-Priority Notes"), on behalf of itself and, it alleges, derivatively on behalf of CEOC, filed a lawsuit (the "Second Lien Lawsuit") in the Court of Chancery in the State of Delaware against CEC and CEOC, CGP LLC, Caesars Acquisition Company ("CAC"), CERP, CES, Eric Hession, Gary Loveman, Jeffrey D. Benjamin, David Bonderman, Kelvin L. Davis, Marc C. Rowan, David B. Sambur, and Eric Press. The lawsuit alleges claims for breach of contract, intentional and constructive fraudulent transfer, breach of fiduciary duty, aiding and abetting breach of fiduciary duty, and corporate waste. The lawsuit seeks (1) an award of money damages; (2) to void certain transfers, the earliest of which dates back to 2010; (3) an injunction directing the recipients of the assets in these transactions to return them to CEOC; (4) a declaration that CEC remains liable under the parent guarantee formerly applicable to the CEOC 10.00% Second-Priority Notes; (5) to impose a constructive trust or equitable lien on the transferred assets; and (6) an award to plaintiffs for their attorneys' fees and costs. CEC believes this lawsuit is without merit and will defend itself vigorously. A motion to dismiss this action was filed by CEC and other defendants in September 2014, and the motion was argued in December 2014. During the pendency of its Chapter 11 bankruptcy proceedings, the action has been automatically stayed with respect to CEOC. Vice Chancellor Glasscock denied the motion to dismiss with respect to CEC on March 18, 2015. Subsequently, plaintiffs advised the judge presiding over the CEOC bankruptcy proceeding that they would pursue in this litigation only those claims alleging that CEC remains liable under the parent guarantee formerly applicable to the CEOC 10.00% Second-Priority Notes.

On November 25, 2014, UMB Bank, as successor indenture trustee for CEOC's 8.50% Senior Secured Notes due 2020 (the "CEOC 8.50% Senior Secured Notes"), filed a verified complaint in Delaware Chancery Court against CERP, CEC, CEOC, CAC, CGP LLC, CES, and against individual past and present CEC board members Loveman, Benjamin, Bonderman, Davis, Press, Rowan,

Sambur, Hession, Colvin, Kleisner, Swann, Williams, Housenbold, Cohen, Stauber, and Winograd, alleging generally that defendants improperly stripped CEOC of certain assets, wrongfully affected a release of CEC's parent guarantee of the CEOC 8.50% Senior Secured Notes and committed other wrongs. Among other things, UMB Bank asked the court to appoint a receiver over CEOC. In addition, the suit pleads claims for fraudulent conveyances/transfers, insider preferences, illegal dividends, declaratory judgment (for breach of contract as regards to the parent guarantee and also as to certain covenants in the bond indenture), tortious interference with contract, breach of fiduciary duty, usurpation of corporate opportunities, and unjust enrichment, and seeks monetary, equitable and declaratory relief. The lawsuit has been automatically stayed with respect to CEOC during its Chapter 11 bankruptcy process. Pursuant to the RSA, the lawsuit also has been stayed in its entirety, with the consent of all of the parties to it. The consensual stay will expire upon the termination of the RSA.

The Company believes that the claims and demands described above against CERP are without merit and intends to defend itself vigorously. The claims against CEOC have been stayed due to the Chapter 11 process and, in some instances, the actions against CEC have been allowed to continue. At the present time, the Company believes that it is not probable that a material loss will result from the outcome of these matters. However, the noteholder disputes are in their very preliminary stages and discovery has only recently begun in some of them. We cannot provide assurance as to the outcome of any of the noteholder disputes or of the range of potential losses should any of the noteholder disputes ultimately be resolved against the defendants including CERP, due to the inherent uncertainty of litigation and the current stage of these litigations. Should these matters ultimately be resolved through litigation outside of the financial restructuring of CEOC, and should a court find in favor of the claimants in any of these noteholder disputes, such determination could have a material adverse effect on our business, financial condition, results of operations, and cash flows.

Other Matters

The Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any such litigation to have a material effect on our combined and consolidated financial position, results of operations, or cash flows, as we do not believe it is reasonably possible that we will incur material losses as a result of such litigation.
